SONDEREGGER FALL CATALOG
ESTABLISHED 1886 --- 36TH YEAR

.Views of the HOME GARDENS of Carl Sonderegger at BEATRICE

Sonderegger Nurseries and Seed House, Beatrice, Nebraska.
WHAT I AGREE TO DO

MY TREES ARE GUARANTEED TRUE TO NAME. I take all proper precaution to have my trees true to name and description. Certificates of inspection will be sent out by my packing department, knowing how provoking it is to receive a tree without the name of which will come to bear. Should any tree, though, from any fault of ours, prove not true to label, I will exchange or refund the price paid for such trees and 6 per cent compound interest. It is understood, though, that the difference in price is not more than twice above stated. Above guarantee to be good on all shipments of trees and plants made after December 1, 1914. The difference, in price, will be made good to all customers that I am doing everything possible to send out true name.

DISCLAIMER OF SHIPMENTS OF SEEDS. While I exercise the greatest diligence and care to have all my seeds true to label and of best quality, I wish it to be understood that no representations are implied, as to the description, quality or productiveness of any seeds I send out, and will not in any way be responsible for the crop. If the purchaser does not accept the goods on these terms they are to be at once returned. Subject to the above conditions, I make sales at the very moderate prices at which I sell my goods. This disclaimer is used by all reputable seed houses.

REMITTANCES should be made by Postal or Express Money Order, Bank Draft, Registered Letter, or Bank Check. Postage stamps in small amounts can be sent if necessary, 5 or 10c stamps preferred.

CLUB ORDERS. If a number of neighborhood order together, each order should be written out under the purchaser's name attached, then pack all together in one box and will charge on this basis, all orders together order amount to $10.00 or more for trees and plants. I will give the person sending me a Club Order the price of the total amount of orders in trees and plants. You must state, though, what just you wish for the amount, as otherwise you must get something you do not need or have to care for plant. Please do not overlook this.

CLAIMS. All claims for errors, shortage or anything else, pertaining to your shipment, must be made promptly after receipt of goods. In writing to me about your shipment, please remember to give your order number, full particulars, the amount of help is inaffordable, and shipments, as well as mail matter will miscarriage, but please understand this: "I am sure my mistakes are not my wish, and I gladly rectify all and any errors on my part.

RAILROADS. I can ship from Beatrice direct over the Burlington (C. B. & Q. and B. M.), the Union Pacific and the Rock Island Systems. Also have lines to Engines to nearby terminals and connecting points.

PACKING. My packing house is 160x140 feet, girders and roof have been given direct from the nursery into the packing house, so trees and plants are not exposed while being stored or packed. Freight is charged only on post card, and paper or lined boxes, smaller orders in bales, which are also paper-lined to keep the moisture. I ship trees with grave and name, from America, New Zealand, Japan, China and Alaska.

GUARANTEED DELIVERY. I guarantee the safe arrival of all described lots, and will replace free of charge, any shipment lost or spoiled in transit, no matter whether goods so by freight, express or parcel post. You are not taking risks. Trees and plants go by fast freight and we seldom have trouble, although we ship thousands of boxes as far east as New York and west to the Pacific states.

NO TRAVELING AGENTS. One of my custom problems is the many traveling salesmen who pretend that I was in partnership with the nursery they are selling for. These are simply lies. I am not acquainted with any nurseryman or agent here at Beatrice. I do not send out traveling salesman anymore. If you very few few times I have the local agent who is taking orders, for me from his neighbors, who are personally acquainted with him. All in all, we try our best, in getting our work impossible to send out traveling salesman. I would lose money, as such a salesman costs about a few cents per order and would not be able to ship the order at the rate per 1000. This means that you can take 50 apple trees of any varieties as you wish and acquire at the rate per 1000.

PREPAYING FREIGHT. I prepay freight to any railroad station in the United States and on all foreign shipments to the United States border, on all orders for trees and plants (not seeds) amounting to $10.00 or more, provided the full amount of the order is in money, or by personal check. If you prefer to get your trees by express, I will pay as much toward the express charges as the worth amount of the order. Trees and plants, and freight is not as near as much, as you have the possibility of making your own arrangements, instead. You will have less money, and more convenience. Should a shipment which I am to prepay, not be prepaid when it reaches you, please pay freight or express, and send me the receipt and the amount to you promptly. On seeds in bulk, also on all farm seeds, I do not prepay the freight unless specifically so requested.

EXPRESS. I can ship trees, plants and seeds to any point by express. Small orders always go cheaper by express than by ship.

PARCEL POST. Parcel Post service is getting better. I can now send packages of 50 lbs., weight to any post office. A distance of 300 miles, Parcel Post is cheaper than express, while on long distances express is rather a little lower.

On pages 68, 69, 70 and 71, of my spring, 1924 catalog, I give prices of all trees and plants that can be sent by parcel post, and at these prices I pay all postage. Please figure those prices when stock is sent by parcel post. One dollar for trees or other sizes not given on pages 68, 69, 70 and 71, to go by parcel post.

Prices are given at the rate of one, ten, one hundred and one thousand. Five trees go at the rate I charge per tree, and under 100 trees at the rate per 1000. This means that you can take 50 apple trees of as many varieties as you wish and acquire at the rate per 1000 at.

CATALOGS I PUBLISH. GENERAL NURSERY AND SEED CATALOG, WHOLESALE CATALOG, GARDENER'S WHOLESALE CATALOG, for gardeners and large farmers, and a Bulletin Catalog, giving an elaborated price list of Bulbs and Seeds for Fall planting.

Enclosed find standbys for 50c as per enclosed statement. Received your order complete and never saw such fine roots and good packing. Thanks.

H. C. Barrett, Pt. Sumner, N. M.
Grow Flowers

The making of the home more beautiful

SINGLE VARIETIES

**LADY INNOCENCE**—I find this to be the best Hyacinth for pot culture and forcing, also a good bedding. It is snow-white, has a very large, well shaped spike on long stem, filled with fine formed waxy bells. The most popular of all white Hyacinths. Price 15c each; doz. $1.35 postpaid.

**GERTRUDE**—Rosy pink compact flower and large bulb. A first-class forcing variety. Being of erect habit, is excellent for forcing and bedding. Price 15c each, doz. $1.30 postpaid.

**LADY DERBY**—Delicate rose, fine, compact and good bloomer. Price each, 10c; doz. for $1.10 postpaid.

**LA VICTORIE**—This new beautiful red or dark pink Hyacinth has made a place for itself the past two seasons. It has proven to be the best dark pink variety introduced. Blooms early and has a splendid, large, stiff stem, which is covered with beautiful waxy bells. Price each, 15c; doz. $1.25, postpaid.

**YELLOW HAMMER**—A fine cream yellow with golden tone in throat. Splendid spike with beautiful bells. By far the best of all the yellow varieties. Excellent for forcing. Price, each, 10c; doz. $1.25, postpaid.

**GRAND MAITRE**—Fine, deep porcelain blue, very large, broad, well formed spike, on short stem; beautiful curled bells, which, combined with the fine color and form, give this flower a very attractive appearance. It is the most popular of all blue Hyacinths. Price, 15c each; doz. $1.30, postpaid.

**SHOTEL**—Has a light blue flower with a strong stem, which does not top over. Blooms early. Price, each, 10c; doz. $1.25, postpaid.

**KING OF THE BLUES**—This is the largest of the blue flowering Hyacinths. It has a strong, stiff spike, covered with large indigo blue bells. Blooms late and always stands erect. Price, each, 11c; doz. $1.25, postpaid.

**COLLECTION**—One each of the eight above varieties, 75c postpaid.

**HYACINTH GLASSES**

Our hyacinth glasses are made of the best quality glass and cannot be compared with similar glasses that may be offered. These glasses are tall and of blue, green and purple colors. Hyacinths are easily grown in these glasses. They are made for one bulb. Fill the glass with water, so as to cover the bottom end of bulb about one-half inch. Set bulbs in dark place until the roots are four inches long and bring to light. If the blossom does not come out good place a paper cover over the top of the bulb—this will make it grow a longer stem. Price, each, 50c, postpaid; 4c not prepaid, either shape or color.

---

All Prices Include POSTAGE PAID on Single and Dozen Lots of Bulbs

Directions for Planting Bulbs, See Page 10
DOUBLE VARIETIES

LA GRANDESSS—Beautiful, truss filled with large, double, white bells. Blooms late. Price, each, 11c; doz. $1.25, postpaid.

PRESIDENT ROOSEVELT—A lively rose, pink, producing a very large truss covered with beautiful double bells. Price, each, 13c; doz. for $1.30, postpaid.

GENERAL KOHLER—Fine blue, with large double bells. Each, 13c; doz. for $1.35, postpaid.

COLLECTION of above three varieties double hyacinths (one bulb each) for 30c, postpaid.

FANCY BEDDING AND FORCING HYACINTHS

For House or Outdoor Planting

Everyone should plant at least a small bed of these bulbs; they are first size and sure to bloom, throwing up strong spikes of very fragrant, beautiful waxy flowers. Bulbs can be left in the ground from year to year, but the second or third blooms are not quite as large as the first year. In the garden set the bulbs five to seven inches apart and five inches deep.

The single hyacinths are much superior to the double varieties for house culture. Price: 10c each; 4 for 35c; doz. $1.00, postpaid. Any of the above colors, separate or mixed, by express, not prepaid, 100 for $8.00.

MINIATURE HYACINTHS

Or Dutch Romans

These small bulbs of single varieties of Dutch Hyacinths are easily forced and are very suitable for growing in groups in pots, pans or boxes. Each bulb throws up several spikes or blooms, but the bells are not so compact on the spikes as with the Dutch Hyacinths. They are very desirable on account of their earliness, profusion of bloom and adaptability for cutting purposes. If potted in October they can be depended on to bloom freely the latter part of January or February. Plant four or five bulbs in a six inch pot. Can be planted in sand or soil. White, Pink, Blue, Red, each, 12 for 75c, postpaid.

SET OF FOUR MINIATURE HYACINTHS—One bulb each, color as above. 20c, postpaid.

PARROT TULIPS

The Parrot tulips do not receive the attention they deserve. They bloom later than the early varieties and have very large flowers of picturesque forms and brilliant colors. The petals are fringed or cut. Parrot tulips form showy flower beds and should be grown in every garden. They like a light, sandy soil and sunny location.

ADMIRAL—Red, tipped with orange; large flower. Each, 5c; 10 for 45c; 100 for $4.25.

BRILLIANT—Glowing crimson with large, star-shaped center. Most beautiful of all. Each, 5c; 10 for 45c; 100 for $4.25.

MARIGRAVE—Yellow with scarlet and green stripes. Each 5c; 10 for 45c; 100 for $4.25.

LUTIA MAJOR—Bright yellow; beautiful flower. Each, 5c; 10 for 45c; 100 for $4.25.

FINEST MIXED—Splendid assortment of many kinds. Each 5c; 10 for 45c; 100 for $3.75.

COLLECTION—One bulb of each of above four Parrot varieties, 7c; 10 of each, postpaid, $1.50.

BREEDER TULIPS

This new strain of tulips adds many new beautiful colors to our list which are not found among the other varieties. Breeder tulips have all dark colors, such as Brown, Bronze, Purple, Blue Black, Dull Gold and many other shades blended together, make them more popular than the Darwins. They bloom in May. Are not quite so tall as Darwins, but the flowers are slightly larger.

VULCAN. (28 in.) The large petals are of Carmine violet shade to light pink with a beautiful orange border. Each, 8c; doz. 80c; postpaid: 100 for $6.00, not prepaid.

BRONZE QUEEN. (28 in.) Soft buff, inside tinged golden-bronze, good forcer. Each, 8c; doz. 80c; postpaid: 100 for $6.75, not prepaid.

BACCHUS. (28 in.) Large, dark violet blue flowers borne on long stems which makes them fine for bedding and cut flowers. Each, 15c; doz. $1.50, postpaid; 100 for $13.00, not prepaid.

PANORAMA. (Fairy.) (26 in.) Flowers large, of beautiful reddish mahogany color, good forcer. Each, 8c; doz. 85c, postpaid: 100 for $5.75, not prepaid.

INDIAN CHIEF. (32 in.) The large, peculiar shaped coppery-red flowers are borne on long, graceful stems, excellent for cut flowers. Each, 8c; doz. 75c, postpaid; 100 for $6.00, not prepaid.

SCHOTTEL. (28 in.) Flowers large, of fine violet blue color. Very handsome. Each, 7c; doz. 60c, postpaid; 100 for $5.75, not prepaid.

MANY COLORS MIXED. Each, 6c; doz. 60c, postpaid; 100 for $5.25, not prepaid.

Nursery stock on order No. 7253 came very promptly to hand. It came in fine shape. If this is a fair average of stock, wrapping and shipment, I have about narrowed all my future orders down to Sonderreger. I have experimented with quite a number of nurseries in small orders and yours is way and ahead the finest I have received at any price. Thank you.

TULIPS

The most gorgeous and satisfactory of spring flowers, unsurpassed in brilliancy and range of color. To get the very best results the bulb should be planted during October or early in November. In the garden set bulbs 4 to 5 inches apart and 3 inches deep. Everybody should put out a good sized bed of tulips. No other plant will make such a grand showing for so little money. To plant a round bed 5 feet in diameter, only 120 bulbs are needed if planted 5 inches apart each way.

Tulips make a beautiful effect when planted along walks or in front of tall shrubbery. As soon as they are through blooming the tops can be cut off and the ground planted to annual flowers such as Zinnias, Petunias, Verbenas, Centaurea, Nasturtiums, Portulaca and Annual Phlox. These flowers can all be planted out of doors with good success; do not need transplanting. They bloom early and continue until frost.

My tulip bulbs are all first class stock, imported direct from reliable growers in Holland, and every bulb will make a bloom. The letter after each variety denotes time of blooming, "A" being the earliest variety. The number denotes the height of flowers.

SINGLE EARLY TULIP

DUCHESS OF PARMA—C—Height 12 inches. Orange, red yellow border, extra large and showy for bedding or forcing. The finest of its color. Each 5c; doz. 50c; 100 for $3.75.

KAISERKROON—B—Height 15 inches. One of the best tulips for bedding. Flowers large, brilliant red, bordered with deep golden yellow. Each, 6c; doz. for 65c; 100 for $4.25.

ROSE GRISDELIN—B—Height 14 inches. A fine, delicate pink, excellent for bedding and forcing. Price, each, 5c; doz. for 45c; postpaid; not prepaid, 100 for $3.90.

CRIMSON BRIALLANT—C—Height 12 inches. Bright vermilion, very fine forcer and bedder. Each, 5c; doz. for 55c; 100 for $4.00.

LE REINE—B—Height 12 inches. White, slightly rose shaded. Each, 5c; doz. for 50c; postpaid; 100 for $3.90, not prepaid.

GRAND BLANCHE—B—Height 14 inches. A beautiful, pure white flower, borne on long stiff stems. Price, each, 5c; 12 for 55c; postpaid; not prepaid, 100 for $4.00.

YELLOW PRINCE—B—Height 12 inches. Pure yellow, early and very showy. Sweet scented, fine forcer and bedder. Each, 5c; doz. for 50c; 100 for $4.00.

PRINCE DE LIGNY—A—Height 12 inches. Deep golden yellow, early, flowers large, excellent for bedding. Each, 5c; doz. for 55c; postpaid; 100 for $4.00.

SPECIAL MIXED—This mixture I make from named varieties and separate colors which bloom at the same time. I use only first size bulbs, which bloom the first season. Price, doz. for 45c postpaid; 100 for $3.60, not prepaid.

FINE MIXED—Large, assorted, many bright colors. Doz. for 55c; postpaid; 100 for $3.40, not prepaid.

DOUBLE EARLY TULIP

Double tulips have large, massive flowers of many colors and shades, and being double the flowers last much longer in bloom than the single varieties. Double tulips are very attractive when planted in small groups of a dozen or more in front of shrubbery or small bushes. Remember, I list only first size bulbs, which are sure to bloom the first season.

MURILLO—B—10 inches. A grand variety. Blush white shaded rose. Splendid forcer and good bedder. Each, 5c; doz. for 55c, postpaid; 100 for $3.85, not prepaid.

CORONNE D'OR—B—12 inches. Yellow and brown. Blooms early. Each, 5c; doz. for 55c, postpaid; 100 for $4.00, not prepaid.

WILLIAM III—B—Height, 14 inches. The best bright scarlet red tulip grown. It is very double, a good bloomer and fine for bedding; does not force well. Price, each, 5c; doz. for 55c, postpaid; 100 for $4.00, not prepaid.

MASQUETTO—B—Height, 14 in. Large, beautiful red, with edges of petals bordered yellow. Price each, 5c; doz. for 55c, postpaid; 100 for $4.00, not prepaid.

BOULE DE NEIGE—B—Height 14 inches. Pure white, the finest of all double white tulips. Fine for bedding or groups, but does not force well. Price, each, 5c; doz. for 55c, postpaid; 100 for $3.90, not prepaid.

SPECIAL MIXED—This mixture I make from four named varieties of pink, white, red and yellow which are all of the same height and bloom at the same time. Price, each, 5c; doz. for 45c, postpaid; 100 for $3.35, not prepaid.

FINE MIXED—A good mixture of many colors. Price, doz. for 40c, postpaid; 100 for $3.00, not prepaid.
Giant Darwin Tulips

Giant Darwin Tulips are growing more popular year after year, as they become better known. The Darwins have large cup shaped flowers in most all the beautiful shades of pink, red, black, maroon, and white. Yellow and blue being the two missing colors. These beautiful flowers are borne on long stems which make them much preferred for bedding. For cut flowers they are unexcelled. They continue in bloom flowering varieties are through blooming.

**BARTIGON** (22 in.)—Large flowers of fiery crimson, with bright scarlet margin. It has a stiff stem, stands up well and is one of the best of its color. Each 5¢; doz. 55¢, postpaid; 100 for $6.00, not prepaid.

**FARCOMB SANDERS** (25 in.)—Fiery rose scarlet, with clear white base. Flowers are borne on long stems and are of perfect shape. Each, 6¢; doz. 55¢, postpaid; 100 for $4.75, not prepaid.

**PRIDE OF HAARLEM** (28 in.)—This is the tallest and largest of the Darwins. Color, bright rose, suffused with purple. Each, 6¢; doz., 55¢, postpaid; 100 for $4.75, not prepaid.

**EDMEE** (24 in.)—Vivid rose petals, brighter toward the edge. One of the best bedding sorts. Each, 6¢; doz. 55¢, postpaid; 100 for $4.90, not prepaid.

**CLAARA BUDD** (20 in.)—Bright salmon pink, paler edge. The blooms are perfect, of medium height and last well. The best pink Darwin. Each, 6¢; doz., 55¢ postpaid; 100 for $4.90, not prepaid.

**COPELAND** (22 in.)—Lilac blue, fine for forcing and bedding. Each, 6¢; doz., 55¢ postpaid; 100 for $4.75, not prepaid.

**WHITE QUEEN** (24 in.)—Flowers large, white tinged with pink. The best of the white Darwins. Each, 6¢; doz., 60¢, postpaid; 100 for $4.75, not prepaid.

**LA TULIP NOIRE** (24 in.)—The Black Tulip. The darkest of all black maroon tulips. Flowers are large, borne on long stems, which make them fine for cut flowers. Each, 6¢; doz., 65¢, postpaid; 100 for $4.75, not prepaid.

**MIXED**—Many varieties and colors, all shades mixed. Each 5¢; doz., 50¢; 100 for $4.00, not prepaid.

**MAY FLOWERING TULIPS**

The Tallest, Largest Flowering and Showy of all Tulips

**PICOTEES** (Maiden's Blush)—White margined rose, recurved petals. Each, 5¢; 12 for 55¢, postpaid; 100 for $3.90, not prepaid.

**LUPITA**—Large, yellow, extra fine. Each, 5¢; 12 for 55¢, postpaid; 100 for $3.90, not prepaid.

**SPATULATA MAJOR**—Rich, glowing crimson-scarlet with glittering blue-black center. Slightly fragrant. Each, 5¢; 12 for 55¢, postpaid; 100 for $3.90, not prepaid.
NARCISSUS

Beautiful, early blooming flowers for outdoor planting and house culture. Of easy culture, flowers deliciously fragrant. The flowers have a great diversity of form, more so than any other family, and they are exquisitely graceful and charming. When planted in good soil they increase in size and beauty year after year. In the garden plant in groups and masses 4 to 6 inches deep. For house culture plant 3 to 4 bulbs in six inch pot. Set away in a dark place from 4 to 6 weeks and bring to light. Keep well watered. Pots can also be buried in garden 4 to 6 weeks with good success. Freezing of the bulbs while buried makes them much better for indoor blooming. The government has placed an embargo on all Narcissus which will take effect in 1926. Every lover of these flowers should lay in their supply before that time. Price below and includes postage. Add 45 cents to price per 100 if to go by mail.

SINGLE TRUMPET NARCISSUS

PRINCEPS—One of the most popular: has large, golden yellow trumpet with sulphur white petals. Fine for forcing, also for planting in the garden. Each, 6c; 12 for 50c, postpaid; 100 for $4.50, not prepaid.

EMPEROR—One of the largest and finest daffodils in cultivation. Pure yellow trumpet of immense size with wide, overlapping, rich primrose perianth. For growing in pots it is unequalled. Fine for flower beds, borders or naturalized grass. Each, 7c; 12 for 75c, postpaid; 100 for $8.50, not prepaid.

VICTORIA—I find this to be one of the best all around trumpet narcissus, or daffodils, as they are often called. It has a large, golden yellow trumpet, the petals or perianth are broad, overlapping and of a creamy white color. It is fine for planting amongst shrubbery or in groups or borders as well as being an excellent forcer. Each, 7c; 12 for 75c, postpaid; 100 for $8.75, not prepaid.

SIR WATKIN—Golden yellow crown, very beautiful. Excellent for growing amongst shrubbery and for cut flowers. Each, 7c; 12 for 75c, postpaid; 100 for $8.50, not prepaid.

GOLDEN SPUR—The most popular of the golden yellow trumpets with cut flower growers, as it produces freely and easily its handsome, rich, deep yellow flowers. A strong, vigorous grower. Always doing well. Each, 7c; 12 for 75c, postpaid; 100 for $8.50, not prepaid.

COLLECTION of the above five varieties, two bulbs each, 60c, postpaid.

SWEET SCENTED JONQUILS

All of the Jonquils are prized for their graceful, golden, fragrant blossoms and the ease with which they may be grown. Half a dozen bulbs can be put in a 5-inch pot and with the same treatment as recommended for hyacinths, a fine display can be had from January to April. Their cost is so trifling that liberal planting should be made outdoors.

CAMPERVANIAE (Narcissus Odorus)—A fine variety, producing freely large, single flowers of light yellow color, very fragrant. Each, 5c; 12 for 50c, postpaid; 100 for $8.75, not prepaid.

DOUBLE GOLDEN YELLOW—Large, full flowers of rich yellow color. Very sweet scented. Each, 5c; 12 for 50c, postpaid; 100 for $8.75, not prepaid.
DOUBLE NARCISSUS OR DAFFODILS

VON SION—The famous Dutch daffodil. The flowers have long trumpets, which are large, very double and of a beautiful golden yellow color. Used in large quantities for forcing, also excellent for bedding. Can also be planted with hyacinths as they bloom at the same time. Each, 7c; 12 for 70c, postpaid; 100 for $5.00, not prepaid.

ORANGE PHOENIX—Light citron color with orange center; a beautiful artistic bloom and is easily forced. It is hardy and can be planted in the garden with good success. Each, 7c; 12 for 70c, postpaid; 100 for $5.00, not prepaid.

SULPHUR PHOENIX—White and sulphur yellow. One of the best for cutting and unexcelled for funeral work. As this bulb generally throws two to three flowers, it is a profitable variety for florists to grow. Each, 7c; 12 for 70c, postpaid; 100 for $5.00, not prepaid.

ALBA PLENA ODORATA—Gardenia Flowered or Double Poet's Narcissus. Large, pure white, very double flowers of delicious fragrance. Not suitable for forcing. Succeed best in partial shade, which makes it excellent for planting in around the shrubbery. A beautiful variety. Blooms late. Each, 5c; 12 for 50c, postpaid; 100 for $4.25, not prepaid.

POLYANTHUS NARCISSUS
The Fragrant Bunch-Flowered Narcissus

Very beautiful, free flowering varieties. They produce the large clusters of flowers which have a very delicious scent. Of easiest culture and especially desirable for the house. May be grown in bowls under same treatment as Chinese Sacred Lilies. Not hardy here.

PAPER WHITE GRANDIFLORA—Flowers large, pure white; blooms very freely. If grown in pots, eight weeks will produce flowers. We especially recommend to grow this bulb in pebbles and water after the fashion of Chinese Sacred Lilies. Six to twelve bulbs should be planted in an ordinary sized dish. Bulbs very scarce this season. Selected large bulbs. Each 7c; 12 for 65c, postpaid.

DOUBLE ROMAN—Flowers are white, with double yellow centers; very fragrant and free blooming. They are much like the Chinese Sacred Lilies in color and are much preferred. They bloom more freely and the buds do not blast so easily as the Chinese Sacred Lily. One of the best doubles for house culture and largely used for winter cut flowers. Each, 7c; 12 for 70c, postpaid.

FREESIA

The justly popular Freesias are greatly prized for the delightful fragrance of their delicate colored flowers, which, when cut, will remain in good condition for a long time in water. They are easily grown or forced in a light sandy soil and excellent for window culture in winter. Flowers are pure white with yellow blotched throat. Not hardy and for house culture only. Large bulbs, 3 for 18c; 10 for 25c, postpaid.

RAINBOW FREESIA

A splendid, new strain of colored Freesias, comprising a number of beautiful shades of yellow, blue, violet, pink, lavender, etc. Flowers of large size and very fragrant.

GENERAL FRESTHING—Strong grower with extra large flowers of lavender, pink with yellow throat and lip. Price—Each 7c; 10 for 60c.

VIOLET—Light violet, lower petals violet blue. Price—Each 7c; 10 for 60c.

YELLOW PRINCE—Rich golden yellow. Each, 8c; 10 for 70c, postpaid.

MIXED COLLECTION—All colors. Each, 5c; 10 for 50c, postpaid.

Also please find enclosed a card containing list of ten names and addresses of friends and neighbors who may all prove to be prospective customers. I have talked with some of them and told them I have always found your materials satisfactory. You may have already received orders from some, perhaps Mr. Turner or Mr. Ayres, whom I loaned my catalog. I am a Sonderregger booster. Thanking you for satisfactory service in the past.

CHINESE SACRED LILY

Grows in Gravel and Water—(See View at Bottom of Page)

This is one of the most popular of all bulbs for winter blooming and the art of最早 culture and always satisfactory. They produce a profusion of bloom in a very short time. Flowers are beautiful, waxy white with yellow center and very fragrant. The bulbs may be planted in a light sandy soil, but are usually grown in vases or dishes in water. With just enough pebbles around them to keep them from toppling over. Place in a dark room for a few days until roots are well started. A dozen bulbs started at intervals will give a succession of bloom all winter.

**LARGE BULBS**—Each, 20c; 3 for 55c, postpaid.

**SECOND SIZE**—Each, 15c; 3 for 40c, postpaid.

**LILY OF THE VALLEY**

(German Maiglocckchen)—(Shown in View at Bottom of Page)

Ready in November. One of the most beautiful and admired spring-flowering plants, and universally sought for its neat, chaste outline and delicate odor. The growth is close, dwarf and compact and the plant is hardy and permanent. It is now a most popular plant for forcing, which is easily done by planting the bulbs in pots. From 5 to 12 in each, watering freely, keeping in a cold cellar, and starting from week to week to keep up a succession. In the house they generally flower in four to six weeks after planting.

**PREMIUM SELECTED PIPS**—7 for 25c; 10 for 30c; 100 for $2.75, not postpaid.

CROWN IMPERIAL

A flower which has long been cultivated in Europe, but little known in this country. The plants grow 2 to 3 ft. high. The flower stocks are covered with long slender leaves, about half way from the stem. At top of flower stem is a large whorl of long slender leaves, underneath which hang, entirely around the stem in clusters, the large bell shaped flowers. The flowers are of many shades of red and yellow. Blooms in April. Price each, 15c; 2 for 25c, postpaid.

**CROCUS**

(Shown in view at bottom page 9)

The Crocus is the first flower to bloom in the spring, even coming up through the snow. They are entirely hardy and may be left undisturbed for years. Plant some Crocus all over the lawn; once planted they are no further trouble, will bloom beautifully year after year and will not interfere with the care of your lawn. They are invaluable for pot culture. To get a succession of bloom, commence planting early in October, 6 or 8 bulbs in a pot (the named varieties are the best for this purpose), using rich soil and planting about an inch deep. Place the pots on a surface of ashes, until the leaves appear, when they may be removed to the house. They can also be grown in saucers or bowls, in water and pebbles, the same way as Chinese Sacred Lilies.

**LARGE FLOWERING SELECTED VARIETIES**

*MONZ BLANC*—Beautiful large, pure white flowers. 3 for 10c; doz. for 30c; 100 for $2.35, postpaid.

*YELLOW MAMMOTH*—Large bulbs, well suited for forcing. 3 for 10c; doz. for 30c; 100 for $2.35, postpaid.

*PUREPUREA GRANDIFLORA*—Extra large purple. 3 for 10c; doz. for 30c; 100 for $2.35 postpaid.

*SIR WALTER SCOTT*—Finest striped. 3 for 10c; doz. for 25c; 100 for $2.35, postpaid.

*MIXED CROCUS*—Large bulbs: A nice mixture of colors. 4 for 10c; doz. for 25c; 100 for $1.90, postpaid.

**AUTUMN FLOWERING CROCUS**

(Shown in view at center of page)

These flowers are the same shape and color as the beautiful spring blooming Crocus, which everyone knows. The bulbs are of easier culture. They can be planted in pots or vases with soil, or they can be put in small bulb bowls, or left around on shelves without soil or water, and they will bloom in just a few weeks, just as good as though they had been planted in soil or sand and kept well watered. At intervals you can have them blooming for several weeks. These bulbs are perfectly hardy and can also be planted out of doors in the fall. Everyone should try at least a few of the wonderful new bulb. I am sure you will like them.

Price each, 4c: 3 for 10c; doz. for 35c, postpaid.

**OXALIS**

(German Glasecksklee)

A very pleasing class of small bulbs, producing vast quantities of brilliant flowers during the autumn and winter months. They are easily grown in a sandy soil, seven bulbs in a 4 or 5 inch pot.

**BERMUDA BUTTERCUP**—Flowers are bright yellow, produced in great abundance. 4 for 12c; doz. for 35c, postpaid.

**GRAND DUCHESS**—Pink, 4 for 15c; doz. 40c, postpaid.

**GRAND DUCHESS**—White, 4 for 15c; doz. 40c, postpaid.

**GRAND DUCHESS**—Lavender, 4 for 15c; doz. for 40c, postpaid.

**MIXED**—All colors, 4 for 12c; doz. for 35c, postpaid.
AMARYLLIS

NEW HYBRIDS—Splendid, showy plants for house culture. Has immense trumpet-shaped flowers which measure 6 to 8 inches across, are borne on strong, fleshy flower spikes and are of rich, deep, velvety crimson, each petal having a broad, white stripe, contrasting beautifully with the deep red color. It is a free bloomer and of easy culture. For pot culture they should be well drained and potted in soil composed of leaf mold and rich ground. Large bulbs. Each, 45c; 2 for $1.00, postpaid.

LILIUM HARRISII
(Bermuda Easter Lily)

Everyone knows this Lily with its beautiful long white trumpet-shaped flowers. It is grown indoors for home decoration. To have them in bloom by Easter, they should be planted early in October in pots in good soil with about one-fourth sand. These bulbs are not hardy and therefore cannot be planted out of doors. Large bulbs, 45c each, postpaid.

LILIUM CANDIDUM

This is one of the oldest, loveliest and best known lilies. My stock is of the thick-petaled type, imported from France. The flowers, of which there are 3 to 6 on each stem, are snowy white, with heavy yellow stamens, and of the most delightful fragrance.

It is perfectly hardy and will thrive in any good soil. Can also be planted in pots for Easter decoration. They should be planted in October, both for indoor and for garden culture. Price, each, 40c; 2 for 75c, postpaid.

CALLAS

WHITE CALLA (Aethiopica) This is a well known and ever popular white Calla Lily, whose chaste, waxy beauty has lent itself for generations to typify purity and sacredness. There is nothing to take its place in decorations for church functions and its presence in the home is ever an inspiration. The leaves are dark green, and flowers large and pure white. Used extensively for pot culture. Mammoth bulbs. Price each, 25c; 2 for 45c; 5 for $1.00, postpaid.

SPOTTED LEAF CALLA (Elloptica) — Leaves dark green with creamy white spots; flowers are a rich, lustrous golden yellow. The largest of the yellow blooming Callas, almost as large as the white. With a little covering, I keep them over winter in my garden. Also a good house plant for winter blooming. Price, for large bulbs, 35c each; 3 for 90c, postpaid.

SCILLA SIBIRICA

No garden can be complete without these beautiful flowers. They are quite hardy, and may remain in the ground several years. The early spring of the intensely rich Snow Drop and varied hues of the Crocus can hardly be overestimated; and many valuable for permanent edging, or planted in bunches of a dozen or so. Can also be grown in pots. Price, 3 for 10c; doz. 35c; 100 for $3.00, postpaid.

SNOW DROPS (Schneeglockchen)

At last the government has permitted us to import Snowdrops for at least three years. The flowers of Snowdrops are amongst the smallest and daintiest of the early, hardy, spring blooming bulbs. They often bloom in March, before all the snow has gone. The pendulous white flowers, with the heart-shaped scale of green, hold a unique place in the affections of lovers of gardens. Price, 3 for 10c; doz. 35c; 100 for $2.50, postpaid.

Am writing you a few lines to let you know that I am yet alive, and the trees that I got from you a few years ago are doing fine and the berries also. The gooseberries are just loaded with fine berries, and the Concord vine has quite a lot of fine grapes on this year. Last year it had a few on and they were the best that I have tasted, so they are fine.

Henry E. Kehder, Ex. 81, Sandoval, Ill.

We have received your order in good condition and wish to thank you for sending us everything so promptly. We received just what we ordered and if it all comes up and grows, we will be very satisfied.

Mrs. John Waitek, Torrington, Conn.
PLANTING DIRECTIONS

The Correct Way to Plant Fall Bulbs

GARDEN CULTURE

Remember that Fall, and not the Spring, is the time to plant these bulbs. Care should be taken that the proper drainage is obtained. Spade the ground deep. Do not use too much manure. Plant as directed in cut. Cover with some straw or litter, which should be raked off in the spring, to prevent bulbs from appearing too soon. After bulbs are through blooming, they can be left in the ground from year to year, but they will not bloom quite so well in the second season.

HOUSE CULTURE

The large bulbs should be planted in a pot. The soil to be used should be one-third sand. For best results, put pots in a pit in the garden, cover with a board to prevent breaking pots when taking them up, and fill it up at intervals to have plants blooming all winter. They can also be put away in the cellar for six to eight weeks with good results. After plants are through blooming, the bulbs should be planted in the garden as soon as frost is out of ground. Do not bloom well indoors second season. I furnish first-class bulbs only which will bloom the first season, and prices are made on this basis. Paper-White Narcissus, Chinese Sacred Lilies and Freesias in pots should not be put in the garden as other bulbs.

HYACINTH GLASSES AND BULB BOWLS

These Hyacinth Glasses are made of the best quality glass and cannot be compared with similar glasses that may be offered. These glasses are tall and of blue, green, and purple colors. Hyacinths are easily grown in these glasses. They are made for one bulb. Fill the glass with water, so as to cover the bottom end of the bulb, then half inch. Set bulbs in dark place until the roots are four inches long and bring to light. If the blossom does not come out good, place a paper cone over the top of the bulb; this will make it grow a longer stem.

Prices: each, 60c, postpaid; not prepaid, 46c, either size or color.

These bulb glasses are made of the very best pottery in three beautiful shades, glass blue, glass green and mat green. They are unsurpassing for bulbs, such as Hyacinths, Crocus, Daffodils, Chinese Sacred Lilies and Paper White Narcissus for indoor planting. I can supply these beautiful glasses in any of the three above colors, in the following sizes:

- 4-inch glasses ............................................. 40c each, postpaid
- 6-inch glasses ............................................. 60c each, postpaid
- 8-inch glasses ............................................. 80c each, postpaid

FLOWER SEEDS FOR FALL SOWING

Hardy Perennial and Annual Flowers That Can be Sown in Summer or Fall

PANSIES

Everyone should plant a few pansies. They are easy to grow and are one of the most beautiful flowers grown. They are of many shades and colors. Seed should be planted in August and later transplanted. Cover with straw, and keep from freezing. Pots winter and transplant to flower beds in spring.

MUSHROOMS
IMPROVED ENGLISH SPAWN—Per brick (about 1/2 lbs.) 40c, postpaid. By express, not prepaid, 2 bricks, 75c; 5 bricks, $1.75.

HERB SEEDS AND DRIED LEAVES
Most herb seeds are imported from Europe, but since the war we have been unable to get seeds which were of high germination. Following is a list of Dried Herb Leaves which are used for cooking and medicinal purposes.

IMPROVED ENGLISH SPAWN—Per brick (about 1/2 lbs.) 40c, postpaid. By express, not prepaid, 2 bricks, 75c; 5 bricks, $1.75.

PERENNIAL OR WINTER ONION SETS
Also called Egyptian or Tree Onions. Produce the earliest spring onions without winter protection. 1/2 lb. 75c; 1 lb. 1.50, postpaid. Not prepaid, 15 lbs. $2.00.

ALFALFA, CLOVER AND GRASS SEEDS
These seeds have all been recleared and tested and are of very best quality. Our Alfalfa Seed is all upland and of the best quality obtainable at the 100 lb. rate. Per 100 lbs.

Order your potatoes for fall shipment so you will have them ready as soon as the weather permits in the spring.

My seed potatoes are all Red River grown and will be of their usual good quality, medium size and free from seed. I have the following varieties: Red Ohio, Bliss Triumph and Irish Cobbler. I can make shipment about October 15, and will guarantee all shipments to reach my customer in good condition.
Herbaceous Perennial Plants

Plant Perennials in the early fall. You will have better success. Can ship them any time after September 10th.

Perennials have never been so popular as they are at the present time. Their permanency appeals strongly. They are planted once and are always there; living through the winter with little or no protection, the flowers become better as the plants grow older. Will grow well in any soil, which may be enriched with decomposed manure or bone meal. The varieties listed are all perfectly hardy, the tops dying down in winter, but coming up early in the spring. My prices are for field grown plants. These plants cannot well be shipped by freight in a box. They should go by parcel post or express, so I will give prepaid prices only. I can get them planted and blooming in any state, and I will ship them as soon as received.

ACHILLEA. "THE PEARL"

The finest of all plants for cemetery planting. The plants grow about 15 to 20 inches high and are completed with double pure white flowers from July until frost. A fine cut flower. Its daintily formed; quite double flowers are borne on long creamy branching sprays so profusely as to give a refreshing, cool, airy effect through the summer heat and late into fall.

Price: 20c each; 10 for $1.80, by paid parcel post.

AQUILEGIA. (Columbine)

The Columbines have established a place in all old-fashioned gardens. Their curious forms and many pleasing shades of color and the readiness with which they adapt themselves to all localities, have made them prime favorites.

CHRYSANTHEMUM—The Golden Columbine. Flowers very numerous, 2 to 3 inches across, bright yellow. In bloom all summer. Height 3 to 4 feet. Easily grown in any good garden soil.

VULGARIS—The well known garden Columbine in all shades of blue and purple; very free blooming. Height 2 feet.

Price: each 25c; 10 for $1.80, by paid parcel post.

MIXED AQUILEGIA—I have some plants on which the label was lost, all good kinds as above, but mixed. Price: 15c each; 10 for $1.50, by paid parcel post.

ANCHUSA ITALICA

Bearing all summer panicles of clear, sky-blue flowers, similar to the Forget-me-not. A very useful perennial, growing 4 feet high, and comes to bloom in July. They do well with Oriental Poppies. They make a splendid effect. The honey bee is very fond of this species. Price: 15c each; 10 for $1.50, postpaid.

ASTERS

(Michaelmas Daisies)

These are among the showiest of our late flowering hardy plants, giving a wealth of bloom at a season when most other hardy flowers are past, and for best effect should be planted in masses of one color. They grow freely in any soil.

GLOZ OF COLWALL—The only Double Fall Aster; flowers the size of a half-dollar, compact, a bright Ageratum blue, with small but conspicuous center of green and yellow. 2½ feet high; very branching.

NOVAE ANGLIAE ROSA (New England Aster)—The richest and gayest of our native Asters; has the largest flowers and is usually considered the finest. Rose pink color. It ranks among the best of all the hardy border plants. Its stout leafy stems vary from 3 to 5 feet in height, and its beautiful rose flowers appear from September to October.

ROBERT PARKER—Pale heliotrope. One of the very best. 4 feet.

TARTARICA—4 to 5 feet high and long flowering. Blossom large, of a lovely bluish color. Blooms in October.

Price of all Asters above mentioned: 20c each; 10 for $1.80, by paid parcel post.

NEW HARDY ASTERS

MAGGIE PERRY—Very large flowers, frequently 3½ inches across, loosely arranged in large clusters, of a pleasing tone of soft mauve. Most distinct and striking novelty.

PERRY'S WHITE—The finest white Michaelmas Daisy yet introduced, perfect in habit and free flowering. Tolumnfully free branching. Its stout stems are well branched and covered with flowers 3½ inches across.

Price of above two Asters: 25c each; 10 for $2.20, postpaid.

The Poppy Seed you sent me done fine. They are blooming and I never saw prettier poppies.

ARTEMESIA PONTICA

Beautiful plant for border or filling in within the shrubbery. The foliage is silvery white, finely cut, and has a peculiarly agreeable fragrance. I have used this plant with good success to hold steep banks and terraces, especially on a south exposure, where blue grass will not grow. Used thousands of them in the Beatrice Athletic park to hold up the steep banks. Grows readily in any soil and can stand any amount of dry weather. **Price:** 8c each; 10 for 60c; 100 for $5.00, postpaid. Not prepaid, 1,000 for $40.00. Plant 10 inches apart each way for holding banks.

ASCLEPIAS

Sometimes called Butterfly Weed. One of the showiest of our native perennials. About 2 feet high and producing during June and July close, compact umbels of brilliant orange colored flowers. They are found in Nebraska on rather dry land. A pea flower, lasting a long time on the plant or when cut for bouquets. Do well in any soil. They are not a weed, but a really fine graden plant. **Price:** 2c each; 10 for $2.50, postpaid.

BABY'S BREATH

*(Gypsophila)*

This is a new variety of Baby's Breath. The little flowers are like charming dainty rosettes, on delicate, lacy stems about 2 to 2½ feet high. There is no better flower for a spray effect in a bouquet. **Price:** 2c each; 10 for $1.80, postpaid.

BLEEDING HEART. *(Dicentra)*

Bleeding Heart, the popular name of the Dicentra, is derived from the curious heart-shaped blossoms with the drop of blood below. These fine, hardy perennials were great favorites in the border or margins for the border or margins of shrubbery. In the spring these plants bear beautiful heart-shaped flowers of a light red color. The stems grow 18 to 24 inches high, with abundant deeply cut leaves of light green color. **Price:** 7c each; 10 for $7.00, postpaid.

BUTTERCUP

*(Ranunculus.)* Beautiful, hardy plant, with nice green fringed leaves. Flowers are small, yellow, well filled and very pretty. Grow on quite long stems and are desirable for cut flowers. Are long bloomers. **Price:** 2c each; 10 for $1.80.

BAPTISIA AUSTRALIS False Indigo

A strong growing plant, about 2 feet high, suitable either for the border or wild garden, with dark green, deeply-cut foliage and spikes of dark blue flowers in June. **Price:** 2c each; 10 for $1.80.

CANTERBURY BELLS *(Campanula)*

An old time favorite, growing 2 to 3 feet high and bearing in great profusion very pretty bell-shaped flowers. The Campanulas give to our gardens exceedingly pretty flowers for almost every situation, moist or dry, sunny or shaded, and the flowers are produced even in summer drought. Valued for cut flowers. Shades, blue, white and rose mixed. **Price:** mixed, 15c each; 10 for $1.36, postpaid.

CHRYSANTHEMUM

GRANDMOTHER'S HARDY GARDEN MUMS

I offer an assortment of the hardy varieties. They flower profusely in September and October, after everything else has been killed. They are excellent for cut flowers and bouquets. Sure bloomers and satisfactory growers that should be included in all orders. Even after several light falls of snow, in sheltered positions, it is sometimes possible to cut uninjured clusters of beautiful flowers. The fine, thick foliage makes a good screen or background.

**GOLDEN QUEEN**—An excellent yellow variety.

**SNOW CLAD**—One of the very best white, profusely blooming kind.

**DWARF WHITE**—While the flowers are of good size, the plant does not grow tall; about 1½ feet. **Price of above Varieties:** 2c each; 10 for $1.80.
COREOPSIS

COREOPSIS, YELLOW. One of the most popular hardy plants. The flowers are of a rich golden yellow, of graceful form and invaluable for cutting; in bloom from June until autumn. It succeeds everywhere and thrives in almost any kind of soil or exposure. 1½ to 2½ feet tall, with graceful drooping foliage. Price: 10c each; 20c for $1.00, planted. 13

EARLY FLOWERING CHRYSANTHEMUMS

NORMANDY PINK—Blooms early in the fall.
NORMANDY YELLOW—Very good yellow and blooms early.
Price of above 2 varieties: 20c each; 10 for $1.50, postpaid.

DELPHINIUM (Larkspur)

One of the finest sights of most gardens is a fine collection of blooming Larkspurs. They give us the greatest abundance of flowers and utmost variety in tints and shades of blue during June and July. The Delphiniums make good border backgrounds. Although plants thrive in any good garden soil, a deep, rich loamy soil, with sunny exposure is best.
FORMOSUM—Showy plants, growing 2 to 3 feet tall. Flowers deep blue with violet spurs. The stout stems are clothed with fine delicately cut leaves. Blooms persistently through the summer.
CHINENSIS (The Chinese Larkspur)—A fine and sturdy old tried variety because of its many variations as well as for its beauty. The leaves are finely cut and fernlike, the flowers single or double, and colors ranging from clear, deep blue to creamy white. For about ten weeks of mid-summer it makes a grand display of bloom.
BELLEADONNA—A magnificent new sort, unrivaled for concentration of bloom, with large spikes of the most delicate turquoise-blue. July till frosts.
Price of above varieties: Each 20c; 10 for $1.50, postpaid.

DELPHINIIUMS Tall English

English Delphiniums are the most beautiful hardy plants in cultivation, for they have such an immense variety of beauty and immense size, in beauty, and often in quantity, year after year. Some varieties growing 8 ft. high in rich soil. They have immense spikes of most beautiful flowers of every imaginable shade of blue, and their season is long, in fact, they will bloom from spring till fall.
Price: mixed varieties: 30c each; 10 for $2.50, postpaid.

DIGITALIS or FOXGLOVE

An old fashioned flower that should be planted in quantity. Succeeds under all conditions, furnishes a grand display during July and August. The flowers are very showy, thimble shaped and are borne close together on stalks, 3 to 4 feet high. For beautiful contrast among shrubbery; it is a very fine plant. Grows well in a half shady position. Mixed colors, pink and white.
Price: 15c each; 10 for $1.50, postpaid.

DESMODIUM PENDULIFLORUM
(SWEET PEA SHRUB)

A most magnificent shrub, covered from 1st of September till frost, with red pea blossoms in enormous quantities. In fact, so many flowers are on the branches that they give to the plant a most wonderful effect which greatly enhances its beauty. Grows to a height of about 4 feet. Does well here in Nebraska and is perfectly hardy here. The branches all freeze to the ground in the fall and come up again in the spring. North of here it might be well to cover with a little straw over winter.
Price: 60c each; 10 for $5.00, by parcel post.

DIANTHUS BARBATUS

SWEET WILLIAM—Charming, hardy plants, great favorites in every garden. Stems 12 to 18 inches high; flowers in greatest profusion in large, round topped clusters. Sweet William gives masses of colors as brilliant as any of our perennials. Its splendor lasts five weeks, then, if fading branches are cut away, fresh ones appear at intervals all summer.
Price: 15c each; 10 for $1.50, postpaid.

GARDEN OR CRASS PINKS—(Dianthus barbatus) warts of hardy little blossoms of bright green foliage and pretty, carnation-like, fragrant flowers, very hardy and grows well anywhere.
Price: 15c each; 10 for $1.50.

SCOTCH PINKS—Flowers are large, very double. Most of them are some shade of red, with a white border. Bloom very profusely. Elegant flowers for bouquets.
Price: 15c each; 10 for $1.50, postpaid.

FLAX
(Linum Narbonense). This perennial variety of flax is raised for the flowers. Are good bloomers. The flowers are of a nice blue and grow on low stems. Should be planted in every garden. Bloom June and July.
Price: 15c each; 10 for $1.20, postpaid.

PHALARIS (Ribbon Grass)

A tall, hardy grass with variegated foliage and a common plant in old fashioned gardens. It thrives in almost any kind of soil or exposure. Stems 2 to 3 feet tall, with graceful, drooping foliage.
Price: 15c; 10 for $1.20, postpaid.
ORNAMENTAL GRASSES

A few of these beautiful hardy grasses should be in every garden. Their beautiful plumes are almost a necessity in making large bouquets. Also will keep all winter.

**EULALIA GRACILLIMA** (Japan Rush)—Narrow green leaves with a silvery white midrib. Late in the fall nice plumes appear at the top, which will keep all winter. The plumes vary from 4-5 feet. Price: 10c each; 10 for $1.50.

**EULALIA ZEBRINA**—Leaves crossed every two or three inches by a band of yellow one-half inch wide. Make about the same plumes as the above Eulalia, also about 4-5 feet high. A very pretty and showy plant. Price: 10c each; 10 for $1.00 postpaid.

**ABUNDO DONAX**—Will grow from 12 to 15 feet in this climate; must be covered in winter with light manure or old hay, enough to keep the frost out, beautiful for center in large group of ornamental grasses or hiding unsightly objects. Will multiply yearly by sending up new canes. It is the best ornamental grass I have in my garden, and the feathery flowers are very useful in hiding objects near them to the ground in the fall and cover with a little manure and have no trouble in getting them through the winter. Price, each 40c; 10 for $3.50.

**HARDY FERNS**

I offer only very hardy ferns, natives of Minnesota. They do well in shady and half shady places in the garden and are often used for growing close to houses in corners which are too dark for most plants. While the native ferns, as a rule, are very hardy, most of them are better off with a light covering of leaves in winter. In their natural habitat they are usually well covered with leaves and snow throughout the winter. The hardy ferns do not make satisfactory house plants. Most ferns ripen up their leaves in the fall and remain dormant all winter even under favorable conditions.

**MAIDENHAIR FERN** (Adiantum Pedatum)—One to three feet high. Fronds at the summit of the slender, polished black stalk, the recurved branches bearing on one side several pinnae, spreading, pinnae divisions; pinnae oblique, triangular oblong. Price: 40c each; 10 for $3.50, by paid parcel post.

**WOOD FERN** (Aspidium Spinulosum)—The plant varies greatly in height, breadth and way of holding itself. Sometimes the fronds stand 3 feet high and are brown and spreading. At other times they are tall and somewhat erect. At its best it grows with almost tropical luxuriance and is a plant of rare beauty, its fronds having a certain feathery aspect. Price: 10c each; 10 for $3.00, by paid parcel post.

**OSTRICH FERN** (Onoclea Struthiopteris). Grows in a crown 3 to 10 feet high. Fronds broadly lance shaped, once pinnate; pinnae divided into narrow, oblong segments, which do not overlap. Great plume-like frond of a rich green. This magnificent plant luxuriates on soil which is subject to an annual overflow. Its vase-like masses of foliage hang heavily like the flower stalks and the fertile fronds are dark green, while those of the Cinnamon Fern are golden brown. The Ostrich Fern does well under cultivation and it propagates sometimes by means of underground runners. Price: 45c each; 10 for $4.00, by paid parcel post.

**FLOWERING FERN** (Osmunda Claytoniana)—A large cinnamon-colored fern, growing a crown. The fronds, when unfolding, are clothed with loose wool, soon becoming perfectly smooth. This kind will do well in dry, shady places or in the sun and will probably stand more abuse or neglect than any other fern. It ranks with the Ostrich Fern in stately beauty, but is an altogether different type. Price: 50c each; 10 for $4.50, postpaid.

One each of the above 2 ferns: $1.60; 5 each (20 in all), $7.00, postpaid.

**GAILLARDIA GRANDIFLORA**

(Blanket Flower)

Among the everblooming hardy plants there is none more satisfactory from a perennial point of view or anyone in that tall, profuse from June to frost; useful for cut flowers. They are of gorgeous coloring, dark red-brown in center with bands of crimson orange, and deep vermilion, meriting the popular title of “Aurora Flower.” Height, 2 feet. I find this to be one of the best perennials in my garden. It is very hardy, needs little care, blooms continuously all summer, blooms long stems and therefore can be used in almost any bouquet. Those who wish flowers and have not space, are not satisfied, should plant Gaillardia. A good mate to Shasta Daisies. Price: For strong, out-of-doors grown plants, 2c each; 10 for $1.50, by paid parcel post.

**HARDY CANDYTUFT** (Iberis Simpervirens)

Most desirable dwarf plants, 8 to 10 inches high, with evergreen foliage, which is composed of small heads of flowers, early in the spring. Good border for flower beds or for rock plants. Price: 30c each; 10 for $2.50, by paid parcel post.

**GEUM**

**MRS. BRADSHAW**—Brilliant, beautifully ruffled scarlet, semi-double flowers, resembling those of rose-of-Sharon. A splendid ornamental, often used in borders. Price: 25c each; 10 for $1.50, postpaid.

**LYTHRUM ROSEA**

A strong growing plant, thriving in almost any location, producing large purple spikes of bloom from July to September. About 2-3 feet high. This is really a fine flower. I advise planting them. Price: each, 25c; 10 for $2.50, postpaid.

**CUTS**—At Top: Siberian Iris. (See page 17)

At Bottom: Shasta Daisies—Boston Ivy on Wall.
HOLLYHOCKS

Among the very finest of old hardy garden plants, the Hollyhocks still hold a proud place and may be termed one of the great flowers of July. It has the widest range of colors among tall garden plants. Flowers are very showy, produced in great abundance on long, towering spikes. Height 6 to 8 feet. Blooming period June to August. I have the Double White, Double Dark Red, Double Pink, Double Yellow. They are very hardy and need no protection, but like good rich soil. It makes a good border background. Can be used as a screen for a fence or other unsightly places.

Price: 1¢ each; 10 for $1.50.

MALLOW MARVELS

Most Gorgeous Perennial Creation of the Twentieth Century

The plants are perfectly hardy and grow from strong, fleshy roots to a height of 6 to 8 feet in one season. They seem to thrive in almost any soil, having a preference for a moist, rather than a dry situation. In the last days of July the blooms appear and continue until late fall. The huge flowers, some of them measuring over 10 inches in diameter, come in the most gorgeous and brilliant shades of crimson, white and pink. They seem to be immune from the attacks of insects or scale, and I have yet to find anyone who cannot be successful with them. Singly, in groups by themselves or mingled with tall shrubbery of any kind, they are very satisfactory. As regards their hardiness, I can only say that in the colder regions of Canada they have withstood a temperature many degrees below zero without any protection and you can’t make a mistake in getting the gorgeous Mallow Marvels. They are sure to please you, as they have thousands of others. I can buy them in pink, crimson, and white. I always put some short manure on my Mallow Marvel bed in the fall and then spade it in early in the spring, as they like a very rich soil.

Price: for heavy, strong roots, Red, Pink or White, 30¢ each; 10 for $2.80, by paid parcel post.

PLATYCODON (Chinese Bellflower)

An extra good, very hardy and free flowering perennial. Grows 1 ½ to 2 feet high. Flowers are a lovely shade of blue and they come from June until October. I also have them in pure white. This is one of the most free flowering plants, and I cannot understand why it is not planted more. It grows well in sunny or shady places, almost in any soil, and does not need much attention. Useful for bouquets in a time when flowers are scarce. The price is low and you will get plenty of flowers the first season.

Price: Either blue or white, 18¢ each; 19 for $1.50, by paid parcel post.

PERENNIAL PEA

(Lathyrus Latifolius)

These peas are perennial and come up again every spring. Vines grow very fast and flowers are similar to the Sweet Pea, but not as fragrant, white and pink. Quite hardy and easy to grow. Price: 20¢ each, 10 for $1.50.

PHYSOTEGIA VIRGINICA

(False Dragon Head)

The flowers of this plant are borne on dense spikes of purplish pink color, of very delicate but conspicuous beauty. The spikes are three to four feet high, with plenty of branches. I use them often in large bouquets. The plants are easily grown, increase freely and are very hardy, needing no protection here. Eight or ten of these plants planted in a group will give you a mass of cut flowers. Have the same plant with white flowers otherwise just the same. Price, 18¢ each; 10 for $1.50 by paid parcel post.

RUDBECKIA (Golden Glow)

A fine, hardy plant that should find a place in every garden. It will be found excellent for cut flower purposes. Plant attenuation 1 foot of 4 to 6 feet and will produce hundreds of large blossoms, very double and of brilliant golden yellow, during August and September. Price: each 22¢; 10 for $2.00, by paid parcel post.

SHASTA DAISY

Remarkably large, semi-double daisies, 3 to 4 inches across and pure white, with petals in two or more rows about a golden center. The plant is extra vigorous and maintains a fine show of great flowers throughout the summer and autumn. A splendid border plant and of great value for cutting. My plants are strong, field grown and will bloom abundantly the first season. Price: each, 20c; 10 for $1.80, by paid parcel post.

Iris (Florentine Alba) (See page 18).
BLUE SAGE—Rocky Mountain species that grows 3 feet tall and produces pretty sky-blue flowers in August and September. Exquisite for cutting; one of the finest plants for the border. Very hardy. Price, each, 15c; 10 for $1.50, postpaid.

STOKESIA (Stoke’s Aster)
This beautiful plant grows 1 to 2 feet high, and produces in great profusion Aster-like flowers from 4 to 5 inches across; it is of easy culture, succeeding in any open position, used for cut flowers and for planting in masses in the hardy border. Price: each, 18c; 10 for $1.50, by paid parcel post.

VERONICA LONIFLORA (Speedwell)
An admirable species of border plants with various forms of growth, but alike in general effect. Full flowering plants are borne in long compact spikes of dark indigo blue color. Abundant during August to October. Price: each, 35c; 10 for $3.00.

VIOLA ODORATA (SWEET SCENTED VIOLET)
This is the hardy kind that here in my garden needs little or no protection. Fine for a border for flower beds. A cool, somewhat shady place is best for them. It blooms early in the spring and again in the fall, when the flowers weather gets cooler. Flowers and even little flowers will scent a whole room. Needs little care, is easily transplanted and blooms very freely. Price: 15c each; 10 for $1.50; 100 for $10.00, by paid parcel post.

TRITOMA PFITZERI (Red-Hot Poker)
Of perfect form; brilliant scarlet, the opened lower petals merely being rimmed with orange. Rush-like foliage supports smooth, thick flower stalks a yard long, with a single fery cone at the top. Should be covered over winter north of here. July-September. Price, 25c each; 10 for $2.50, postpaid.

TRAILING PERIWINKLE
(Vinca Minor.) A hardy evergreen creeper, trailing close to the ground and forming a dense mat. Does well even under trees where grass will not grow. Useful for binding the soil on slopes or banks to prevent washing by rains. In Europe one sees them in cemeteries, as borders for graves. The blue flowers contrast finely with the dark, closely green foliage. Hardy most everywhere. Price, 15c each; 10 for $1.50.

YUCCA FILAMENTOSA (Adam’s Needle)
Tropical looking plant with long narrow leaves; remains green the entire year. Grows in clumps and throws up a flower stalk 3 to 4 feet high, with 200 creamy white from 100 to 200 creamy white, bell-shaped flowers. It blooms a long time. A fine plant for the lawn or cemetery. Price: each, 25c; 10 for $2.50, postpaid.

LILY (The Lily)
With a well selected collection, Liliums may be had in bloom from June to October. They should be planted in the fall from October 1 as long as the soil can be worked, and in spring until the first of May. Plant about 5 inches deep.

THE REGAL LILY (Lilium Regale or Myriophyllum)—A novelty of rare production and wondrous beauty, achieved thru the adventurous research and resourcefulness of one of our greatest plant collectors, who recently brought the species from Nanking Province of the northwestern China. Experiments prove this new Lily to be hardier than most kinds; so it is reasonable to expect the glorious bloom which forces so easily for Easter time, may be available to the amateur for its delightful unfolding within its own home. The flowers are white, slightly fused with pink; with a beautiful glow of canary yellow at center, which continues part way up the trumpet. Its perfume is exquisite: not like some types, but the sweet refreshment of the Jasmine. In the garden it should bloom early in July. I have raised them in pots and have my house during winter in full bloom. Price, large bulbs that will bloom first season, $1.50, each.

AURATUM (Gold Banded Japan Lily)—Flowers are very large, broad white petals, thickly studded with crimson maroon, bright golden band through center of each petal. Stalks 4 feet high. Flowers of immense size. Large bulbs, each 60c; 10 for $5.50.

LONGIFLORUM (Gigantes)—A well known variety, with snow white, trumpet shaped flowers that are very fragrant. Quite hardy and blooms freely in the open ground in June and July. Each 60c; 10 for $5.50, by paid parcel post.

SPECIOSUM RUBRUM—Flowers white with crimson band on each petal. Large and very fragrant. Perfectly hardy. Grows 2 to 3 feet high. Blooms in August. Large bulbs, each 60c; 10 for $5.50, postpaid.

TIGER LILY—Perfectly hardy, easily grown Lily; with very large flowers of rich orange color, spotted with black. Exceedingly pretty. Each 25c; 10 for $1.50 postpaid.

CALLAS
SPOTTED LEAF CALLAS (Elliotiana)—Leaves dark green with creamy white spots; flowers are a rich, lustrous golden yellow. The largest of the yellow blooming Callas. A most as large as the white. With a little covering, I keep them over winter in my garden. Also a good house plant for winter blooming. Price, for large bulbs, 25c each; 3 for 80c postpaid.

(Lilies continued on page 17)
HEMEROCALLIS (Day Lilies)

A well known family of plants resembling lilies in character and bloom, very sweet scented and bearing great numbers of yellow and brown flowers during long periods of summer. Foliage is similar to the Iris.

HEMEROCALLIS PLAVA (Lemon Lily)—These are among the oldest and best loved of garden plants. Very hardy and persistent; they need no winter protection and thrive in any good soil, preferring, however, a rich, moist loam. For garden borders and waterside planting, few perennials are more satisfactory. A good clump of this fine old lily, when blooming in June and July; lights up a flower border superbly; with many tall stems of fragrant, waxen, clear yellow blooms, grows about 2 feet high. Price: 15c each; 10 for $1.20, by parcel post.

FULVA (Brown Day Lily)—Same as Lemon Lilies, except that the flowers are of a reddish-brown color with dark red shading. Very pretty. Price: 20c each; 10 for $1.50, by paid parcel post.

IRIS, FLEUR DE LIS (Iris Germanica)

The true “Fleur-de-Lis,” the national flower of France. They are perfectly hardy, thrive anywhere, grow and bloom luxuriously, particularly if plentifully supplied with water. Plants well established produce 50 to 100 spikes of bloom. In beauty the flowers rival the finest of orchids. The plant grows 18 to 24 inches high.

I offer the following selected varieties:

FLORENTINA ALBA—Extremely free flowering, and very beautiful, white, sweet scented blossoms. One of the best.

HONORABILIS—Fine yellow with lower petals of maroon. An odd but very pretty Iris.

PLICATA—Dark purple, lower petals lilac. The best dark colored Iris.

CELESTE—A soft shade of light blue, changing into lavender. A fine and beautiful shade.

MAD. CHEBEAU—White, evenly frilled, with a white border of clear blue, one of the most charming sorts. Price of any of the above varieties: 12c each; 10 for $1.20; 75c for $5.00, by paid parcel post.

HEB MAESTY (New)—The best pink Iris with yellow center. Free bloomer. I think this is one of the prettiest of the Iris. Price: 15c each; 10 for $1.20, by paid parcel post.

CHOICE MIXED VARIETIES—Each: 10c; 10 for 70c; 100 for $5.00, by paid parcel post.

SIBERIAN IRIS (Iris Sibirica)

SUPERBA—Tall and slender growing, with flowers like those of the German Iris in structure, but smaller and much more numerous. The plant forms clumps and blooms so freely that its deep blue blossoms give solid color effects. Hardy, thrives in almost any soil. Each, 15c; 10 for $1.50, postpaid.

PAEONIES

Few hardy perennials are so suited to any position in the garden or lawn as the Paeony. The gorgeous display of flowers is very effective, rivaling the rose in beauty. They are also well suited for massing in beds by themselves. A good, rich, deep soil and sunny situation, suits them best, but they will thrive in almost any soil. My plants are field grown, strong and well rooted, with 3 or 4 eyes. In comparing prices with other growers, please bear this in mind. We offer the following selected varieties, which we consider the best for general planting. Plant Paeonies this fall and they will bloom for you next spring.

PESTVA MAXIMA (White)—About the largest and undoubted the most popular Paeony of them all. High built flowers, borne on long, stiff stems; the purest white, the inner petals slightly tipped with red double flowers, with very broad petals. A vigorous grower and early bloomer. Price: 50c each; 10 for $4.50, by paid parcel post.

FELIX COUJSE (Red)—30 inches. Large, compact, globular bomb. Large guard petals. Brilliant ruby red, without any shades of violet or purple. Fragrant. Strong grower. Free. The most dependable cut flower. Price: 70c each; 3 for $2.00; 10 for $8.00, postpaid.

MADAME DE VERNEVILLE—(Creamy White). Received the first prize at the Paeony exhibition at St. Paul, Minn., last summer. Medium sized, globular flower, petals crinkly and semi-transparent. Creamy white throughout. Hazed purple at center. Price: 25c each; 10 for $4.00, postpaid.

EDULIS SUPERBA (Mauve Pink)—One of our earliest variety, always open by Decoration day. Color is a bright, clear mauve-pink, with silvery reflex. Flowers are of large size and very fragrant. Price: 60c each; 10 for $5.50, postpaid.
HARDY PHLOXES

The ease with which they are cultivated, season of blooming, combined with the varied and beautiful coloring, make them particularly valuable for garden planting. In bloom from June till late autumn. Phloxes are very effective, either as single specimens, in small groups or large beds on the lawn. They produce a beautiful and harmonious contrast when massed against a background of shrubbery. I offer a carefully selected collection, all field grown plants.

**FRAULEIN VON LASSENBURG**—(White.)
The purest snow white. Flowers larger than any other white sort. Blooms 2 or 3 weeks earlier than other varieties; tall, extra fine. Each, 20c; 10 for $1.00, by paid parcel post.

**MISS LINGARD**—(White.)—The best Phlox in cultivation. It produces immense heads of beautiful white flowers in June and blooms again in September and October. Splendid foliage and habit, and free from attacks of red spider. Better results will be had if old flowers are cut off. Price: 30c each; 10 for $2.50, by paid parcel post.

**SIR EDWIN LANDSEED**—(Red.)—I consider this the best bright red Phlox grown; of robust tall growth and a free bloomer. Blooms just a few days later than Fraulein von Lassburg. Planted together, they make a fine show. Price: each, 25c; 10 for $2.00, postpaid.

**ISABBY**—(Salmon pink.)—A very good variety and a good constant bloomer. Price: 25c each; 10 for $2.00, by paid parcel post.

**INDEPENDENCE**—(White)—A very good white variety, with extra large clusters of flowers. Blooms profusely, 2 feet high. Price: 25c each; 10 for $2.00, by paid parcel post.

**LAVENDER**—This variety we happened to get from seed. It comes in all shades of lavender, from very light to dark blue, but all are pure lavender. Price: 15c each; 10 for $1.50, postpaid.

PHLOX SUBLATA

Probably the best plant to cover ground entirely and when taller plants or shrubs cannot be used.

**PHLOX SUBLATA**—(Pink.)—Creeping plants with evergreen, moss-like foliage. When in bloom almost completely hidden under a blanket of rose-colored flowers in early spring (here in May), often blooming again through the summer. Height of plant about 6 inches. Price: 15c each; 10 for $1.00, by paid parcel post.

**PHLOX SUBLATA**—(White.)—Same as the above, the flowers, though, are white. Very pretty, especially when mixed with the pink. Price: 15c each; 10 for $1.25, by paid parcel post.

**MIXED VARIETIES**—I have some Phlox of which the names have been lost. All good kinds. Price: 25c each; 10 for $1.75, postpaid.

Gentlemen: Kindly ship as soon as possible the very best trees, etc., you can, as we have a long, tedious pull to get them to grow here, but I am sure you will do as well as with yours. My Dakota grape vines, two years, rod long, sixteen bunches of grapes on it last year. It was supposed no grapes would grow in Wyoming.

S. J. Sharp, Rawlins, Wyo.

Dear Sirs:

Your fifty-cent American Arbor Vitae is equal to $3.50 eastern plants. Send order express.

Mrs. L. B. Landman, Jefferson City, Mo.

Trees arrived in fine shape and I want to thank you for your kindness and prompt attention, also the good looking trees that you sent.

Chas. B. Hess, Gooding, Idaho.
Sonderegger's Wonderful
Golden Winesap Apple

Introduced by "The Fruit Grower" of St. Joseph, Mo., from whom I got my first trees. So you will be absolutely sure of getting the genuine Golden Winesap.

Imagine the combination—the juicy tartness of the Jonathan, the satisfying mealtiness of the old Winesap, all the beauty of the Winter Banana, that deep gold color of the Grimes, with a rich, deep red blush, then add the keeping quality of the good old money making Ben Davis—and you have a vivid picture of the new apple—Golden Winesap.

In my nursery I find that the tree is a very strong grower, healthy and vigorous. Personally I prefer the Golden Winesap to Delicious in flavor. It is also a better keeper and will not get mealy like the Delicious. In my opinion, it is a better apple than Delicious and will become just as popular. I prefer Golden Winesap to Jonathan. As the Golden Winesap originated in Utah, it should be hardy most anywhere. I have a few trees that went through four Nebraska winters in fine shape.

Rather large in size, from 3½ to 4 inches in diameter. The tree is a fine, healthy grower and an early bearer. If you could just see Golden Winesap and then taste it, you would plant this variety at once. We sent sample apples to a number of the best authorities in America. The verdict was unanimous in favor of Golden Winesap.

In my garden the Golden Winesap does well. Had a few apples on last year (when 8 years old) and a good crop this year. They are very young bearers.

Price Golden Winesap (See other varieties, page 3): Per 1 10 100
2-3 feet. 1 year tops, 2 year roots.............................. 40.00 4.00 40.00
3-4 feet, partly branched, 2 year.............................. .75 7.00 65.00
4-5 feet, well branched, 2 year.............................. 1.00 8.00 80.00
5-6 feet, well branched, 2 year.............................. 1.25 11.00 100.00

Coffeyville, Kans.
Sept. 4, 1923.
Sonderegger Nurseries & Seed House, Beatrice, Nebr.

I have 75 Golden Winesap Apple trees and they are 3, 4 and 5 years old. They score high as an apple of distinctive quality and value. It's a most wonderful bearer and bears young and annually.

The fruit is big, round and flat shaped, golden when ripe, good to look at, better still to bite into. It keeps right through the winter until spring and holds its color and flavor. Fine for cooking, baking, eating out of hand or marketing. Children are no fools, mine are always found around the Golden Winesap trees. Birds also peck holes into them, which goes to show that birds and children know what is good.

I think it's an all-purpose apple with us by far most popular.

S. HAHN.
R 1
Coffeyville, Kans.

P. S.—I won 1st and 2nd cash prize at our County Fair on Golden Winesaps.

WINTER VARIETIES

TRUE DELICIOUS—Red. A new, first-class market variety, best quality.
AERKANSAS BLACK—Rich dark red, good quality, long keeper.
BIRDWIN—Bright red, juicy, rich, best for eastern states.
BLACK BEN DAVIS—Red, well known old sort, fair quality.
FRANTZ—Very hardy, young bearer, long keeper, good quality.
GRIMES GOLDEN—Very best quality, productive, medium size.
INGRAM—Improved Janet, fruit does not rot on trees, hardy.
JAPANESE—Very hardy, blooms late, keeps long, medium size.
JONATHAN—Red, best for market, fine quality and productive.
KING DAVID—Red, good quality, keeps well, tree hardy.
MAMMOTH BLACK TWIG—Very profitable market sort, good bearer.
ROSSUM PIPPIN—Red, fair quality, very productive.
MCINTOSH RED—Red, large, fine quality, very hardy.
NORTHERN SPY—Bright Red, large, good in eastern states.
SPITZENBERG—Mostly red, large fine quality, keeps well.
NORTHWESTERN GREENING—Greenish yellow, large, fair quality, best for the north.
SWITZERLAND—Green with red stripes, good quality, productive.
HOME BEAUTY—Fine for eastern states and Pacific coast.
STAYMANS—Improved Winesap, apple larger, better quality.
TALMAN SWEET—Pale yellow, firm, rich, sweet.
WINDSOR—Red, 1-year market sort, good quality, long keeper.
DEEICIOUS—Red, juicy, firm, fine quality, hardy.
YORK IMPERIAL—Red, large, fine quality and productive.
YELLOW BELLEFLOWER—Yellow, large, firm crisp, juicy.

FALL VARIETIES

FAVORITE—Fine dessert apple, very hardy, ripens in September.
MAIDEN BLUSH—Red, good size, fine flavor, very hardy.
SWEET—Best fall apple, very hardy, large and good.
RASMBEL SWEET—Dark red, large, sweet and productive.
WOLF RIVER—Very large, productive, fair quality.

SUMMER VARIETIES

DUCHESS OF OLDENBURG—Extremely hardy, somewhat sour, fine for cooking.
EARLY HARVEST—Medium size, tender, juicy, ripens July.
RED ASTRACHAN—Large, beautiful, deep red, bears early August.
YELLOW TRANSCANT—Yellow, splendid quality, hardy, early August.

CRAB APPLE, HARDY ANYWHERE

PRICES SAME AS APPLE, EXCEPT DOLGO

WHITNEY—Flesh firm, juicy, pleasant flavor, August.
HYSLOP—Deep red, small, best for canning, productive.
GENERAL GRANT—Large, cream yellow, flesh tender, sub-acid.
FRANCE—Profuse bearer, fruit large, good quality.
TRANSFARANT—Medium, brownish red, excellent for jelly or preserves.
YELLOW SIBERIAN—Very small, acid, good for canning, hardy.
MARTHA—Only sweet crab, great bearer, hardy.
DOLGO—Novelty. Vigorous and productive, fruit rather small, but very beautiful. A bright glossy yellow, shaded with brown red. Makes a red jelly. Tree hardy. Price of Dolgo Crab, all sizes 10c higher per tree than other apples.

BOSSNEY PEAR—Ripens at a time when good pears are in demand; two weeks after Bartlett. Possesses a delicious flavor, tender, sweet, juicy, and is very large and handsome. Creamy skin with crimson blush. Tree is a vigorous grower (equal to Keiffer), hardy, both in wood and fruit bud and very productive. Combines excellent quality with large size, fine form and superior shipping qualities. Originated near Salt Lake, Utah. I recommend this pear very highly. It is one of the best and prettiest pears on the market.

GEORGIAN—Red, early, flesh yellow, very productive.

MAGNIFICENT—Red, early, flesh yellow, very productive.

GERMAN PRUNE—Dark purple, flesh firm, sweet and pleasant, best variety for drying.

ITALIAN PRUNE—(Yellenberg) Purple, large, flesh greenish yellow, Juicy and delicious, freestone, very productive.

PRUNES—Same Price as European Plum

Dwarf Seckel Pear.
RUSSIAN HARDY VARIETIES

**ALEXANDER**—Good size, yellow with red, sweet, delicate.

**BUDD**—Large, yellow with red cheek, rich and slightly acid, very prolific.

**SUPER**—New Russian type variety. Best flavored, most productive apricot yet produced, hardy.

RUSSIAN APRICOT SEEDLINGS

These are grown from the seed of the Russian varieties of Apricots. You will find them very hardy, bearing fine flavored fruit, although not large, as far north as the middle of South Dakota. Will make a fine looking ornamental tree in any garden or grounds, grows erect, very dense and has pretty well shaped, dark glossy leaves with pink blossoms.

There are fewer better trees for a windbreak and in this case should be planted about 8 feet apart in the row.

CHAMPION—Large, oval, rich aromatic fruit quality.

OREGON—Very large, yellow, excellent flavor.

NECTARINES

**Price:** 3-5 feet at 75c each; 10 for $7.00.

**NEW WHITE**—Large, flesh white, tender, juicy, best for drying.

**RED ROMAN**—Very large, round, flesh golden yellow and of very good flavor, hardy in southern Nebraska.

FIGS

Will thrive in southern states in the open. In the more northern states they must be planted in tubs or pails and wintered in some frost free place.

**CELESTE**—Small to medium, pear shaped, ribbed. Flesh whitish, shading to rose in color at center, firm, juicy, sweet. Probably the hardest of the fig varieties.

**Price:** 2-3 feet, 90c each; 10 for $8.50.

PERSIMMON

**Price:** 12-18 inch seedlings, 10c each; 10 for 80c; 100 for $7.00. 18-24 inch seedlings, 17c each; 10 for $1.50; 100 for $12.00. 4-5 foot trees, $1.25 each; 10 for $11.00.
RUSSIAN MULBERRY

These are very hardy, will grow as far north as South Dakota, and bear an abundance of good berries every year and mulberry posts last a long while. Good for windbreaks. Should be planted in every chicken yard as the berries make good chicken feed.

**Price:**
- 1 inch, 1 year seedling...
- 8-12 inch, 1 year seedling...
- 12-18 inch, 1 year seedling...
- 18-24 inch, 2 year seedlings...
- 2-5 feet, 2 year seedlings...
- 3-4 feet, nice trees, transplanted...
- 4-5 feet, nice trees, transplanted...
- 5-6 feet, nice trees, transplanted...

**AMERICAN MULBERRY**

This species is not near as hardy as the Russian. Should not be planted where the thermometer goes much below zero.

**DWARF BERS OVERBEARING—** Fruit large, black, very juicy and fine quality.

**HICKS—** Continuous in bearing a long time, berries very large, juicy, rich, sugary.

**ABUNDANCE—** Best and hardest of the large fruited mulberries and of fine quality, can be planted as far north as Kansas.

**Price of above three varieties:** 3-4 feet, trees. $0.30 each. 10 for $5.50.

**NUT TREES**

**BLACK WALNUT—** Hardy almost everywhere, nuts large, oily, fine flavor.

**Price:**
- 1 inch, 1 year seedling...
- 8-12 inch, 1 year seedling...
- 12-18 inch, 1 year seedling...
- 18-24 inch, 2 year seedlings...
- 2-5 feet, 2 year seedlings...
- 3-4 feet, transplanted trees...
- 4-5 feet, transplanted trees...
- 5-6 feet, transplanted trees...

**ENGLISH WALNUTS**

Not hardy in the middle west and northern states, very profitable, where hardy. 8-12 inch seedlings, 75c each; 10 for $3.00; 100 for $65.00.

**FRANQUETTE WALNUTS—** Some harder than the English, the best in quality. Price: 12-18 inch seedlings, 80c each; 10 for $7.50; 100 for $70.00.

**BUTTERNUTS**

Price: 1 inch seedlings...
- 8-12 inch seedlings...
- 12-18 inch seedlings...
- 18-24 inch seedlings...
- 2-5 feet, seedlings...
- 3-4 feet, transplanted trees...
- 4-5 feet, transplanted trees...
- 5-6 feet, transplanted trees...

**JAPAN WALNUTS—** Hardy south of Nebraska, nuts are formed in clusters, 12 to 15 each. Meat sweet and of good quality, profitable where hardy.

**Price:**
- 1 inch seedlings...
- 8-12 inch seedlings...
- 12-18 inch seedlings...
- 18-24 inch seedlings...
- 2-5 feet, seedlings...
- 3-4 feet, transplanted trees...
- 4-5 feet, transplanted trees...
- 5-6 feet, transplanted trees...

**AMERICAN SWEET CHESTNUTS**

Perfectly hardy in Nebraska. I have bearing trees in my garden. Price: 12-18 inch seedlings, 50c each; 10 for $4.50; 100 for $48.00.

**PECAN—** Hardy as far north as southern half of Missouri. Price: 18-24 inch seedlings, 50c each; 10 for $5.00; 100 for $50.00.

**STUBBY PECANS, GRAFTED**

Probably the hardest of all the chestnut trees. Price: 18-24 inch seedlings, 35c each; 10 for $4.00; 100 for $40.00.

**ENGLISH FILBERTS OR HAZELNUTS—** Large nuts, fine quality. The same as are offered in the market, but hardy.

**Price:**
- 3-4 feet, hardy each...
- 5-6 feet, hardy each...

**COMMON HAZELNUTS—** Hardy anywhere, nuts smaller than grafted varieties, but good quality. Price: 12-18 inch, 25c each; 10 for $2.00; 100 for $18.

**GRAPE VINES**

**CADO—** Two year plants, grand novelty, hardy, berries large, wine red, with white bloom, rich in sugar, excellent in flavor. For a long time.

**Price:** 25c each; 10 for $2.50; 100 for $25.00.

**CONCORD BLACK—** Well known.

**Price:** 10c each; 10 for $1.00; 100 for $10.00.

**BRIGHTON—** Red bunches and berries large, rich flavor, juicy and sweet, hardy. 2 year. Price: 25c each; 10 for $2.50; 100 for $25.00.

**CAMPHED'S EARLY—** Black, very early, abundant bearer. Flesh sweet with fine aroma. 2 year No. 1 plants. Price: 25c each; 10 for $2.50; 100 for $25.00.

**MATAWA—** Red, largely used for grape juice, best quality. 2 year No. 1 plants. Price: 25c each; 10 for $2.50; 100 for $25.00.

**CLINTON—** Black, bunches and berries small, very compact, juicy and quite tart, makes dark red grape juice. 2 year No. 1. Price: 25c each; 10 for $2.50; 100 for $25.00.

**IVES—** Black, juicy, somewhat foxy, does especially well in Oklahoma. 2 year. No. 1 plants. Price: 25c each; 10 for $2.50; 100 for $25.00.

**GREEN MOUNTAIN—** White, originated in Vermont, very hardy, berries sweet with few seeds and excellent quality. Three weeks earlier than Concord, fine table grape. 2 year No. 1. Price: 50c each; 10 for $5.00; 100 for $50.00.

**LUCILE—** Red, yields better, is harder and a more robust grower than the Concord or Niagara, better quality and much sweeter. 2 year No. 1 plants. Price: 50c each; 10 for $4.50; 100 for $45.00.

**MOORE'S EARLY—** Black. A well known market variety, bunches medium, berries large, desirable for market on account of its earliness.

**Price:** 25c each; 10 for $2.50; 100 for $25.00.

**MOORE'S DIAMOND—** White, among the best of all white grapes. Berries large, sweet and of delicate flavor, as hardy as Concord. 2 year No. 1 plants. Price: 25c each; 10 for $2.50; 100 for $25.00.
GRAPES—(Continued)

NIAGARA—White or rather yellow when fully ripe, bunches and berries large, flesh is tender, sweet, and delightful, hardy as Concord.

1 year, No. 1 plants $0.25 25c each; 10 for $2.25 $1.80 100 for $16.00
2 year, No. 1 plants $0.17 15c each; 10 for $1.50 $1.20 100 for $10.00

POCKLINGTON—Golden yellow, fine table grape, berries large, juicy, sweet and very little pulp, hardy. 2 year No. 1. Price: 25c each; 10 for $2.50; 100 for $20.00.

WORDEN—Black, strain of Concord but better yielder of larger grapes, of finer flavor, ripens a week earlier, good for market.

1 year, No. 1 plants $0.27 25c each; 10 for $2.70 $2.00 100 for $16.00
2 year, No. 1 plants $0.15 15c each; 10 for $1.50 $1.20 100 for $10.00

GOOSEBERRIES
Fall planting is fully better unless planted very early in the spring.

OREGON CHAMPION—One of the very best of the American varieties, strong and healthy grower and immense bearer. Berries medium size, very fine for table use and pies, 2 year No. 1 plants.
Price: 25c each; 10 for $2.50; 100 for $20.00.

WINTER—New, one of the best of the English varieties, berries large, pale red, of excellent flavor, 2 year No. 1 plants.
Price: 25c each; 10 for $2.50; 100 for $20.00.

DOWNING—Old, well known sort, pale green, berries of splendid quality, very productive, 2 year No. 1 plants.
Price: 25c each; 10 for $2.50; 100 for $20.00.

PEARL—Claimed to be an improved Downing. The large berries are pale green of the finest quality, 2 year No. 1 plants.
Price: 25c each; 10 for $2.50; 100 for $23.00.

HOUGHTON—Very productive but berries are not large, smooth, pale red, 2 year No. 1. Price: 12c each; 10 for $1.00; 100 for $8.00.

CARBEE—Best for the extreme north, exceedingly productive, berries of good quality, not large, 2 year No. 1 plants. Price: 20c each; 10 for $1.50; 100 for $12.00.

GRAPES for the South or House Culture
Can be planted out doors in California, Arizona, Texas, southern New Mexico, Florida, or wherever frosts are only light, farther north they can be raised in tubs or in conservatories and greenhouses.

THOMPSON SEEDLESS (Sultana Blanche)—Vine an enormous bearer, bunches very large, berries greenish yellow, firm, oval, seedless. Best quality, ripens early, 2 year No. 1 plants.
Price: 25c each; 10 for $2.00 100 for $18.00.

MALAGA—Bunches very large, often weighing ten pounds. Berries large, oval, yellowish green, very fleshy. 2 year No. 1 plants.
Price: 25c each; 10 for $2.50; 100 for $18.00.

PLAME TOKAY—Large, pale red, flesh firm and sweet, commands a good price in the market. 2 year No. 1 plants.
Price: 25c each; 10 for $2.00; 100 for $18.00.

BLACKBERRIES
LA GRANGE—Come from Russia, very hardy and productive. Fruit ripens under the leaves in the shade which adds to its flavor, probably the hardiest and most productive. 10 10 1000
Strong plants $0.15 $0.12 $9.00

MERSEREAU—This early hardy mammoth, iron-clad variety originated in Northwestern New York. Berries are exceedingly sweet, rich, melting and luscious, bearing without care. 10 100 1000
Price: 25c each; 100 for $20.00.

EARLY RASPBERRY—Very early, berries medium size and sweet, does best in Oklahoma and Texas. 10 100 1000
Strong plants $0.10 $0.08 $8.00

SNYDER—Old well known sort, still very popular. 10 100 1000
Strong plants $0.10 $0.08 $8.00

ELDORADO—Fruit large, borne in clusters, very vigorous grower. 10 100 1000
Strong plants $0.15 $0.12 $6.00

DEWBERRIES
LUCERIA—Strong grower, exceedingly productive, fruit large, luscious and shining black, fine quality. 10 100 1000
Strong plants $0.08 $0.06 $4.00

AUSTIN—Berries very large, requires no trellis or stakes. Fruit black, superior quality and flavor, not quite as hardy as Luceria. 1 10 100 1000
Strong plants $0.10 $0.08 $8.00

LOGANBERRY
Hybrid between Raspberry and Blackberry. Fruit large, in clusters, red, not hardy in Nebraska. Strong plants 25c each; 10 for $2.50; 100 for $20.00.

HIMALAYA BERRIES
Could be called a climbing Blackberry, often growing twenty to thirty feet in one season; berries have no core, are sweet and delicious. Strong plants 15c each; 10 for $1.50; 100 for $11.00.

ELEDBERRY
The common Elderberry growing along brooks and streams. Plants 2-3 feet, 20c each; 10 for $1.80.

DWARF BLUEBERRY
Perfectly hard, price 15c each; 10 for $1.50; 100 for $9.00.

BUFFALO BERRY
Fruit resembles small currants, of red color, makes excellent preserves, jellies and butter, also much used for pies, tarts and fruit juices, perfectly hardy. 2-3 ft., 30c each; 10 for $2.50; 100 for $20.00.
RED RASPBERRIES.
ST. REGIS.—This is an everbearing variety, or rather they will bear a long time during the summer and fall. Berries of fine flavor and brilliant crimson color. 1 10 100 100 $0.12 $0.90 $7.00 $50.00
Long plants growing the highest for the sorts, berries large, deep red, sweet, subacid, juicy and good flavor. 1 10 100 100 Strong plants $0.12 $0.90 $7.00 $50.00
COLUMBUS FARMS.—These raspberries are very productive, and of fine quality. This sort does not root sucker, is propagated by tips, same as Black Raspberries. 1 10 100 100 Strong, transplanted plants $0.12 $1.00 $8.00 $70.00
CUTHBERT—Old and well known, berries sweet, rich and fuscous, ripens late. 1 10 100 100 $0.10 $0.60 $5.00 $45.00
SUNBEAM—Plants this where others winter kill. A Dakota production, berries are of good size, firm and of fine quality. 1 10 100 100 Price $0.05 $0.60 $5.00 $45.00

BLACK RASPBERRIES
All Black Caps do not root sucker, are reasonably

CUMBERLAND—Berries large, handsome, very firm and stand long shipments, very productive. 1 10 100 100
2 year old $0.10 $0.90 $8.00 $70.00
KANSAS—Valuable early sort, strong and hardy, good quality. 1 10 100 100
2 year plants $0.12 $0.90 $8.00 $70.00
HOOISER—Probably the best of the black caps, berries firm, fine quality, bring always the highest price in the market. 1 10 100 100
2 year plants $0.12 $1.10 $10.00 $80.00
DUNCAN—Large fruit, fine black berries, fine quality, very productive. 1 10 100 100
2 year plants $0.10 $0.90 $8.00 $70.00

HOLT'S MAMMOTH SAGE
Plants perfectly hardy, large leaves of fine quality. 18c each; 10 for $1.30; 100 for $12.00, postpaid.

STRAWBERRIES
We cannot ship strawberry plants before September 20 to 30. New plants will not have good roots before that time; unless we have unusually favorable weather. Varieties: Senator Dunlap, Aroma, Michael's Early, Gibson Perfect. Price of Strawberries—25 for 25c; 100 for $1.20; 1000 for $8.50, postpaid.

EVERBEARING VARIETIES
CHAMPION—We have given this new sort a thorough trial for two years. It is really the best of the everbearing kinds I have ever seen. It is really everbearing, large sweet berries. Price: 25 plants for $0.00; 100 for $2.00; 2500 for $25.00, postpaid.
PROGRESSIVE—It is almost sure to bear a good crop in the fall, when berries bring a good price. Price: 25 plants for 25c; 100 for $2.20; 1000 for $17.00, postpaid.

RHUBARB OR PIE PLANT
LINNENUS—Medium size, early and tender. GIANT—Very early, vigorous grower, fine quality. Price of either variety: Strong, two year roots. 15c each; 10 for $1.00; 100 for $5.00; 1000 for $65.00.

HORSE RADISH
I furnish good strong roots, 10 for 25c; 100 for $1.80; 1000 for $16.00.

ASPARAGUS
CONOVER'S COLOSAL—Produces large, tender shoots.

COLUMBIAN MAMMOTH—Very large, superior quality. Price of either variety: 2 year plants, 10 for 25c; 100 for $1.50; 1000 for $13.00.

CHIVES
Perfectly hardy member of the Onion tribe. Tops appear early in the spring and can be cut all summer. Price, 15c per bundle of plants; 3 for 40c; 10 for $1.20, postpaid.
ORNAMENTAL AND SHADE TREES

Black Locust (Robinia Pseudacacia)—A large native tree of very rapid growth, valuable for shade as well as ornamental. Flowers are yellowish white in long pendulous racemes. 1-10

4-5 feet, not branched $0.20 $1.20 $15.00
4-5 feet, not branched 25 $2.30 $20.00
4-5 feet, well branched 25 3.00 30.00
6-8 feet, with good crown 75 7.00 60.00
8-10 feet, with good crown 1.00 9.00 65.00
10-12 feet, with good crown 1.25 12.00 100.00

Honey Locust (Gleditschia)—Quite ornamental, making large spreading crowns. The branches are mostly covered with long thorns, therefore, often used for hedges.

4-5 feet trees $0.20 $1.30 $15.00
4-5 feet trees 25 $2.20 $20.00
5-6 feet trees, with good crown 45 4.00 35.00
5-6 feet trees, with good crown 75 7.00 65.00
8-10 feet, trees, with good crown 1.00 9.00 65.00
10-12 feet, trees, with good crown 1.25 12.00 100.00

Thornless Honey Locust—Same as above, but entirely without thorns, therefore very valuable where a tree with spreading crown is needed.

4-5 feet, trees $0.50 $4.50 $40.00
5-6 feet, trees with crown 70 6.50 60.00
5-6 feet, trees with crown 1.00 9.50 90.00
10-12 feet, trees with crown 1.25 11.00 100.00

Eml. American White—A noble native tree of large size, largely used along streets and in parks.

4-5 feet, trees $0.50 $2.50 $20.00
5-6 feet, trees, branches 75 6.00 65.00
5-6 feet, trees, well branched 75 6.50 60.00
8-10 feet, well branched 1.00 9.00 80.00
10-12 feet, well branched 1.50 14.00 125.00
10-12 feet, well branched with 3 inch caliper 2.50 24.00 250.00

Hackberry—Celtis Occidentalis. Resembles an Elm somewhat, but grows more erect. Hardier for the north, stands dry weather better than Elm and is almost free from insects and fungi.

4-5 feet, trees $0.60 $5.50 $50.00
5-6 feet with crown 90 8.50 80.00
8-10 feet, with crown 2.50 14.00 125.00
8-10 feet with crown 4.00 27.00 250.00

European Linden (Basswood) Tills—A valuable tree for street and lawn, developing into beautiful majestic specimens, hardy.

5-6 feet with crown $1.50 $14.00
8-10 feet, with crown 2.75 25.00

American Linden Basswood. Similar to European Linden, has large leaves but does not make as good a crown, hardy.

4-5 feet, branches 1.00 $8.00 $80.00
6-8 feet, branches 1.50 14.00 120.00
8-10 feet, branched 2.00 19.00

Norway Maple—One of the most beautiful trees known, hardy everywhere. Best shade tree for Nebraska. Makes a grand, splendid crown without pruning.

4-5 feet, not branched $0.75 $7.25 $70.00
4-5 feet, partly branched 1.50 13.00 125.00
6-8 feet, well branched 2.25 21.00
8-10 feet, well branched 3.00 28.00
10-12 feet, well branched 4.00 37.00

Entrance to my Garden.

Ailanthus (Tree of Heaven)—Fast growing tree with long slender leather-like leaves. Can be used as a shrub.

1-10

4-5 feet, nice trees $0.50 $3.50 $30.00
5-10 feet, nice trees 6.50 60.00

Ash (White)—Well known native tree.

1-10

2-4 feet, nice trees $0.15 $1.50 $15.00
4-5 feet, well pruned trees 25 2.20 20.00
5-6 feet, well pruned trees 30 3.80 32.00
6-8 feet, well pruned branched 50 8.50 85.00
8-10 ft, well pruned, strong caliper 95 9.00 90.00
10-12 feet, well pruned, strong caliper 1.35 12.50 110.00

Mountain Ash (European) Hardy tree of medium size and quite ornamental.

1-10

4-5 feet, nice trees $1.00 $9.00
5-6 feet, nice trees with crowns 1.50 14.00
6-8 feet, nice trees with crown 2.00 19.00

Beggel's Double Flowering Crab—Hardy, flowers are very double, pink, look like little roses.

1-10

2-3 feet $0.75 $7.00
3-4 feet branched 1.25 13.00
4-5 feet branched 1.65 14.50

Floribunda Flowering Crab—Grows as large as most apple trees. The single pink flowers have long stems and come very thick on long branches. Apples are as big as a good sized pear.

1-10

2-3 feet $0.60 $5.50
3-4 feet, branches 0.90 8.50
4-5 feet, branches 1.35 11.00
5-6 feet 1.60 14.50

Hopf Red-Flower Crab, Professor Hansen's挑选—Hopf Red-Flower Crab, Professor Hansen's挑选—Hopf Red-Flower Crab, Professor Hansen's挑选. "Hopf," the name of this lovely tree, is a Sioux Indian word for 'beautiful'. A promising addition to our list of ornamental trees for the lawn, owing to its wealth of beautiful deep rose crimson blossoms. A striking sight when in bloom. The fruit is too small to be of value for eating, being less than one inch in diameter, but its bright red color will light up the tree in autumn. This was not a hand cross, but I am satisfied that the Baccata was the pollen parent. Trees of strong growth in nursery.

1-10

3-1 feet, nice trees $0.75 $6.50
4-5 feet, nice trees, branched 0.90 9.50
5-6 feet, nice trees, branched 1.10 10.00

Catalpa Speciosa—Tropical looking tree with large broad leaves and clusters of purple white flowers often one foot long. 1-10

3-1 feet, nice trees $0.80 $8.00
4-5 feet, nice trees, branched 2.50 20.00
5-6 feet, nice trees, branched 4.50 40.00
6-8 feet, nice trees, branched 6.50 60.00
8-10 feet, nice trees, branched 8.00 80.00

Catalpa Bungei—Very useful tree in formal work, forms without pruning perfectly round heads. Very useful in front of house a long a walk.

1-10

4-5 feet, nice crowns, straight stems 1.20 $11.00
5-6 feet, nice crowns, straight stems 1.50 14.00
6-7 feet, nice crowns, straight stems 2.50 23.00

Box Elder—Well known native tree, very hardy.

1-10

3-4 feet, nice trees $0.20 $1.80 $15.00
4-5 feet, nice trees with crown 2.50 22.00
5-6 feet, nice trees with crown 4.50 40.00
6-8 feet, nice trees with crown 6.50 60.00
8-10 feet, nice trees with crown 9.00 90.00
10-12 feet, nice trees with crown 1.35 12.50 100.00
ORNAMENTAL AND SHADE TREES—(Continued)

SOFT OR SILVER MAPLE.—A native tree of very rapid growth. Hardy everywhere. Makes a grand shade tree.

</table>

**CALIFORNIA PRIVET**—Probably the best of the privets. Foliage dark green with a metallic luster. Almost Evergreen. Should not be planted where the thermometer goes below the freezing point. 1-2 ft. tall. $0.50

**POLISH PRIVET**—Very hardy and showy, especially when in bloom. The pure white flowers are larger than on other varieties. 1-2 ft. tall. $0.50

**RUSSIAN OLIVE**—Well adapted for a hedge and perfectly hardy. Better description under ornamental trees.
PLANTS FOR HEDGES AND SCREENS—(Continued)

THORNY VARIETIES

OSAGE ORANGE—Also called Hedge Plants. Very thorny; a good hedge against cattle and hogs. Can be grown as a tree and the wood is valuable for posts. Prices under Forest Tree Seedlings.

HONEY LOCUST—Description under Shade Trees. Prices under Forest Tree Seedlings.

BARBERRY THUNBERGI—Thorns are small. Should be used where a low dense hedge is wanted. Very ornamental. Description below.

ORNAMENTAL FLOWERING SHRUBS

If any of my customers wish a more detailed description of the following flowering shrubs, please send for my spring catalog.

MOSS ACACIA—Has pea-shaped, large pink flowers in mid-June. Hardy here. Price: 2-3 feet, 30c each; 10 for $6.00.

MOSS ACACIA TREE FORM—Price: 4-5 feet, trees, with nice crown, $1.50 each.

ALMOND DOUBLE FLOWERING PINK—Dwarf pinkish shrub. Blooms early in the spring. The slender, thin, leafless, upright branches are almost hidden by 2-3 feet of double, pink flowers. Price: 2-3 feet, 50c each; 10 for $5.00.

ALMOND DOUBLE FLOWERING WHITE—Same as above, only flowers are white. Price: same as pink.

ALTHEA ROSE OF SHARON—Very free blooming from midsummer until frost. Hardy here. Can furnish them in white, red, pink, violet, purple, reddish lilac. All double flowers. Price: 2-3 feet, 45c each; 10 for $4.50.

AMORPHA FRUTICOSA (False Indigo)—5-7 feet shrub, with finger-like spikes of indigo blue flowers in June. Hardy here. Price: 2-3 feet, 50c each; 10 for $4.50.

BARBERRY THUNBERGI (Japanese)—A very valuable shrub, that fits in almost every planting. Small, bright green foliage which turns to most brilliant shades of orange and red in the fall. Price: 2-3 feet, 75c each; 10 for $7.50.

CALYCANTHUS—Sweet scented shrub, also called chocolate bush; flowers brownish purple, very fragrant. Price: 2-3 feet, 50c each; 10 for $5.00.

CURLANT, YELLOW FLOWERING—Valued for their wealth of yellow, very fragrant flowers in early spring. Price: Per 1 | 10 | 100 |
| 2-3 feet | $0.50 | $5.00 | $50.00 |

CORNSIBERICA—Siberian Dogwood. Very hardy, growing 6-10 feet tall. Mostly planted for its bright scarlet berries in November, and its beautiful white flowers in spring. Price: 2-3 feet, 40c each; 10 for $4.00.

CORNS FLORIDA—The great white beautiful flowering shrub. Grows 4-5 feet, diameter of 2 feet, and branches 1 foot, lasting as many weeks. Price: 2-3 feet, 60c each; 10 for $6.00.

CORNS MASCULUM (Cornelian Cherry)—Yellow flowers, early blooming, succeeded by scarlet berries, which are edible. Price: 2-3 feet, 40c each; 10 for $3.50. 3-4 feet, 50c each; 10 for $4.50.

DEUTZIA PRIDE OF ROCHESTER—Large panicles of double white flowers when fully open, but a striking pink when in bud. Blooms late in June. Price: 2-3 feet, 50c each; 10 for $5.00.

DEUTZIA LEMOINE—Grows about three feet high, flowers pure white in large clusters. The hardest of the Deutzias. Price: 2-3 feet, 75c each; 10 for $7.00.

DEUTZIA GRACILLIS—Slender branches, dense bushy with pure white flowers in May. Price: 1-2 feet, 90c each; 10 for $8.90.

ELDER GOLDEN LEAF—Leaves are a golden yellow, otherwise same as common Elder. Plant in sunny place. Price: 2-3 feet, 50c each; 10 for $4.50.

EUROPEAN COTTONWOOD—(Populus angustifolia) —Grows 10-15 feet high, flowers in May and June. Price: 2-3 feet, 50c each; 10 for $5.00.

EUROPEAN COTTONWOOD—(Populus angustifolia) —Same as above, except flowers are red. Price: 2-3 feet, 50c each; 10 for $5.00.

EUPHILEI—Description under Shade Trees.

FORSYTHIA FORTUNI—Golden Bell. Few if any early spring flowering hardy shrubs can surpass the splendor and brilliancy of the Forsythia. Blooms yellow. Price: 2-3 feet, 40c each; 10 for $3.00.

FORSYTHIA SUSPENS—Weeping Forsythia. Graceful shrub with slender drooping branches, covered with bell-shaped yellow flowers early in the spring. Price: 2-3 feet, 60c each; 10 for $6.00.

GLOBE FLOWER WHITE—Same as the above, but flowers are white. Price: 2-3 feet, 50c each; 10 for $4.50.

HYDRANGEA PANICULATA GRANDIFLORA—Blooms in August and September. When flowers are scarce, in large panicles of pure white, often turning to pink. A really good shrub. Price: 2-3 feet, 75c each; 10 for $7.00.

HYDRANGEA AMERICAN EVERBLOOMING—The Snowball Hydrangea. Flowers are full and round, very large, often ten inches in diameter. Bloom all summer. Price: 2-3 feet, 75c each; 10 for $7.00.

HYDRANGEA PANICULATA IN TREE FORM—These are 4-6 feet trees, with good stems and splendid crowns. Very effective along a sidewalk or drive. Price: 4-5 feet, nice trees, $1.25 each; 10 for $10.00.

HIBERNICA—Rosaropica—Massive flower clusters, looking like rose flowers. Price: 2-3 feet, 50c each; 10 for $6.00.

HIBERNICA—Rosaropica—Massive flower clusters, looking like rose flowers. Price: 2-3 feet, 50c each; 10 for $6.00.

BUSH HONEYSUCKLE, TARTARIC PINK—Grows 4-6 feet high. Flowers pink, borne freely in May and June, followed by small scarlet berries. Price: 2-3 feet, 50c each; 10 for $5.00.

BUSH HONEYSUCKLE, TARTARIC RED—Same as above, except flowers are red. Price: 2-3 feet, 50c each; 10 for $5.00.

HONEY SWEET-BLOOMING—Grows only about 4 feet high, but very spreading. Price: 2-3 feet, 40c each; 10 for $3.00.

HONEY SWEET-BLOOMING—Grows only about 4 feet high, but very spreading. Price: 2-3 feet, 40c each; 10 for $3.00.
ORNAMENTAL SHRUBS (Continued)

LILACS

LILACS, COMMON PURPLE—The old-fashioned lilac grows into a very high bush, with bright green, dense foliage. Flowers are purple and very fragrant. Price: 2-3 feet, 45c each; 10 for $4.00.

LILAC, COMMON WHITE—Same as above, except flowers are pure white. Price: 2-3 feet, 50c each; 10 for $4.50.

PERSIAN LILAC, PURPLE—Blossoms more freely but the leaves of the common lilac are decidedly prettier. Price: 2-3 feet, 50c each; 10 for $4.50.

PERSIAN LILAC, WHITE—Same as above, but flowers are white. Very fragrant. Price: 2-3 feet, 75c each; 10 for $7.00.

LILACS—Budded Special Varieties

MADAME CASIMER PERRIER—Double white flowers, very fragrant.

CHARLES X—Large reddish purple.

ODHELLO—Dark purple, very large flowers.

Prices of budded Lilies: 1½-2 feet, $1.00 each; 3 for $2.70.

LILACS IN TREE FORM—Can furnish purple and white Lilacs in tree form. Price: 4-5 feet, $1.50 each; 3 for $4.20.

MOK ORANGE CORONARIUS—Old, well known shrub, with waxy, pure white fragrant flowers. Hardy everywhere. Price: 2-3 feet, 45c each; 10 for $4.50; 3-4 feet, 60c each; 10 for $5.50.

SPIREAS—(All varieties are hardy here)

SPIREA AEGUTA. SNOW GARLAND—3-5 feet high, with branches a dusty white, or clear white flowers in early May. Price: 2-3 feet, 75c each; 10 for $7.00.

SPIREA ANTHONY WATERFORD—Flowers are a bright crimson. May be kept blooming all summer by cutting off dead blooms. Grows about 2 feet high. Price: 18-24 inches, 75c each; 10 for $6.00.

SPIREA BILLARDI—Rose colored in large spikes, blooms nearly all summer. Price: 2-3 feet, 85c each; 10 for $8.00.

SPIREA BILLARDI WHITE—Same as above, but flowers are white. Price: 2-3 feet, 95c each; 10 for $9.00.

SPIREA COMMUNIS RUBRA—Large panels of deep rosy blossoms. Cut dead flowers and it will bloom all summer. Grows 2 feet high. Price: 1½-2 feet, bushy, 50c each; 10 for $5.00.

SPIREA COLLOSA ALBA, WHITE—Same as above, but flowers are white. Price: 1½-2 feet, 60c each; 10 for $6.00.

SPRISTA HARRIS—Grows about 4 feet high. Flowers, rose pink, the tips of the leaves reddish purple. Price: 1½-2 feet, 75c each; 10 for $7.00.

SPIRIBA VAN HOUTTI (Often called Bridal Wreath)—The branches are covered with small double, rose-like, white flowers. Price: 2-3 feet, 60c each; 10 for $5.50.

SPIRIBA THUNBERGI—Japanese variety. Grows 3 feet high, delicate narrow leaves and a profusion of white small flowers. Leaves turn to brilliant shades of orange and scarlet in the fall. Price: 2-3 feet, 50c each; 10 for $4.50; 24 for $10.00.

PIRELA SPURIFOLIA (The real Bridal Wreath)—The branches are covered with small double, rose-like, white flowers. Price: 2-3 feet, 60c each; 10 for $5.50.

PIRELA OULIFOLIA—Attains a height of 5-10 feet. Valuable for shady places. Flowers white, turning to dark red. Price: 2-3 feet, 45c each; 10 for $3.50.

MOCK ORANGE GRANDIFLORA—Flowers very large, pure white and very fragrant, almost covering the bush. Price: 2-3 feet, 60c each; 10 for $4.50.

MOCK ORANGE AUREA—Leaves are of a golden yellow and hold the color better than most golden leaf shrubs. Flowers and growth like Coronarius. Price: 15-24 inch, 75c each; 10 for $7.00.

MOCK ORANGE LOMBARD—Bush is dainty, not getting over 4 feet high. Flowers semi-double, not very fragrant. Price: 2-3 feet, 50c each; 10 for $4.00.

PRUNUS TRIGLOBA (Double flowered Plum)—Early in the spring, before its leaves appear, the whole bush or small tree is decked in a fleecy cloud of double light pink blossoms. Price: 2-3 feet, $1.75 each; 10 for $16.00; 3-4 feet, $2.00 each; 10 for $19.00.

PEARL BUSH, EXCOERGA—The early buds look like pearls, strung on slender threads. May be kept in bloom by cutting off dead blooms. Price: 2-3 feet, 75c each; 10 for $7.00.

JAPANESE QUINOS, RED—Large, profusely flowered early, flowers brilliant scarlet red. Hardy. Price: 2-3 feet, 45c each; 10 for $4.00.

JAPANESE QUINOS, WHITE—Same as above, except that the flowers are pure white. Price: 2-3 feet, 45c each; 10 for $4.00.

SPRINTER—Arboreus, White—Flowers, rose pink, the tips of the leaves reddish purple. Price: 1½-2 feet, 75c each; 10 for $7.00.

Tree Lilacs.
ORNAMENTAL SHRUBS—(Continued)

Weigelia Rosea.

SNOWBALL GUELDER ROSE—An old time favorite. Hardy everywhere. Grows 10 or 12 feet high. Flowers are large, round, pure white. Price: 2-3 feet, 75c each; 10 for $7.00.

JAPANESE SNOWBALL—From north China. Flowers are whiter and more delicate and foliage much handsomer. Not quite as hardy. Price: 2-3 feet, 95c each; 10 for $9.00.

SNOW OR WAXBERRY—White berries. A desirable shrub with small pink flowers and nice pure white berries, which keep a long time. Good for shady places. Price: 2-3 feet, 45c each; 10 for $4.00.

WAXBERRY, RED FRUITED—Berries are smaller, red, and hang on the bushes till winter. Also called Indian berry. Can be found growing wild along creek banks. Price: 2-3 feet, 30c each; 10 for $2.50.

LIGULARIA PERN LOFAPE (Rheum Typhina)—Of rapid, robust growth, producing cones of bright red fruit. Leaves beautifully formed, rivaling the most dainty foliage. Price: 2-3 feet, .40c each; 10 for $3.50.

TAMARIX ODESSA—Foliage is bluish green. Flowers, which come on ends of the feathery branches, are a delicate pink. Hardy. Price: 2-3 feet, 40c each; 10 for $3.50.

TAMARIX HISPIDA—Has dense feathery bluish green foliage and delicate, soft looking clusters of carmine rose blossoms, exceedingly attractive. Hardy. Price: 2-3 feet, 55c each; 10 for $5.00.

WEIGELIA ROSEA—Elegant shrub, with beautiful rose colored flowers. Blooms very profusely in June. Price: 2-3 feet, 55c each; 10 for $5.00.

WEIGELIA EVAA BAITER—Flowers are a brilliant crimson color. Blooms nearly all summer, grows 2-3 feet tall. Price: 2-3 feet 75c each; 10 for $7.00.

HARDY ORNAMENTAL CLIMBING VINES

ARKIA—A beautiful, hardy vine, with unique, dainty foliage and chocolate purple flowers of delightful fragrance. Price: strong plants, 6c each; 10 for $6.00.

ARISTOCHLIA DUTCHMAN'S PIPE—Very large leaves and flowers of the shape of old-fashioned Dutch pipes. Hardy and fast grower. Price: strong plants $1.25 each; 10 for $11.00.

AMELOPSIS ENGELMANNI—A new variety of Woodbine, with smaller leaves, which in fall turns to a pretty red color. Will stick to any wall without tying. Perfectly hardy. Price: strong plants, 5c each; 10 for $5.00.

BOSTON IVY, AMELOPSIS VEITZCHI—The finest climber for covering walls, clinging firmly to the smoothest surface, covering it evenly with overlapping leaves. Plant in Nebraska on the east side of a building and water well before the ground freezes up and you will find them hardy in Nebraska. Price: strong plants, 55c each; 10 for $5.00.

VIRGINIA CREEPER, WOODBINE—Strong, rapid grower, foliage, large, dark green, turning red in the fall. Must be tied, as it will not adhere to a wall. Price: strong plants: 25c each; 10 for $2.50.

BITTERSWEET CEAUSRUS SCANDENS—A native climber with handsome glossy foliage and large clusters of beautiful orange red berries. Hardy. Price: strong plants, 45c each; 10 for $4.50.

CINNAMON VINE—Flowers emit a delightful odor of cinnamon. Perfectly hardy, the stem dying down every autumn, but growing again so rapidly as to completely cover trellis early in the season. Price: strong roots, 30c each; 10 for $2.50.

CLIMBING HONEYSUCKLE, RED CORAL—A splendid vine for porches. Flowers are red, Hardy. Price: strong plants, 40c each; 10 for $3.50.

HONEYSUCKLE, HALL'S EVERGREEN JAPAN—Has yellow and cream colored flowers. A fine climber for porches. Price: strong plants 85c each; 10 for $8.50.

TRUMPET VINE—Great, leathery trumpet shaped red flowers. A robust, woody vine, climbing often fifty feet and more. Hardy. Price: strong plants, 35c each; 10 for $3.50.

WISTEBIA PURPLE—Bears in great profusion large drooping clusters of purple, pea-shaped flowers. Hardy here. Price: strong plants 60c each; 10 for $5.50.

WISTEBIA WHITE—Same as above, but flowers are white. Price: strong plants, 70c each; 10 for $6.50.

LARGE FLOWERING CLEMATIS

While I can furnish, this Clematis in five different varieties and colors, I can hardly recommend them for fall planting. Spring planting is decidedly better. You will find them well described in my spring 1925, catalog.

ROSES

I can furnish roses in large assortments, but do not recommend fall planting. If you wish to plant this fall, I will be glad to send you my spring 1924 catalog.
Everyone should plant more Giant Darwin Tulips. They make a beautiful effect planted along walks or in front of shrubbery. They can be left in the ground for two and three years, although the blooms will not be quite so large the last two years. As soon as they are through blooming the tops can be cut off and the ground planted to some annuals, such as Asters, Pansies, Petunias, Verbenas, Annual Phlox, Centaurea and many others.
FALL PLANTING OF TREES

Wherever the winters are not very severe, fall planting can be recommended. There is more time for such work on a farm in the fall than in the spring. Trees get well established and will start growing much earlier than a tree that is transplanted in the spring, thus getting the benefit of the early spring rains and getting well rooted before the hot weather. This advantage should not be overlooked.

In the fall a nursery has less orders to fill than in the spring and the assortment is complete, so your orders are filled more promptly and with better care, and you are sure to get everything you order.

Where it is too cold to set out trees in the fall I recommend strongly to get trees in the fall and heel them in over winter. If this is done trees come through the winter in fine shape and can be planted just as soon as frost is out of the ground. I send printed instructions how to heel in trees with all fall orders and you will find same here below.

Try a fall order. You will be well pleased with the results.

TEN POINTERS ON PRUNING

Pruning has various objects and is practiced on many diverse sorts of plants; therefore, the same rules cannot apply in all cases.

Pruning during the dormant season tends to promote wood growth rather than fruit bearing.

Pruning during the growing season—March, June and July—tends to check wood growth and to promote fruitfulness. The vegetative and the reproductive functions, within certain limits, are reciproc.al.

Root pruning (which some plants tend very strongly to promote fruit bearing and conversely to check wood growth).

Pruning may be done any month of the year, but March and June are the best months.

Pruning should be methodical and regular. A certain amount of work should be done each year instead of one in five years. This rule is very important.

The objects of pruning are (a) to repair injuries, (b) to correct faulty growth, (c) to influence the bearing habit of the tree. Pruning is not an object in itself. Therefore, unless there is some clear reason for it, do not prune.

Each root on which pruning is done should be cut off smoothly and as close to the parent branch as possible. Large wounds should be painted with white lead. The best tools for pruning are pruning shears. A sharp saw will sometimes be needed, but not often, except on trees which have been neglected. An axe should never be used.

Pruning will not give satisfactory results by itself. It must be accompanied by good spraying, good feeding and good management in other respects.
View in My Home Garden.

Modern landscaping favors borders rather than beds. The space along the front and sides of the yard and beside the foundation, is considered the proper place for planting, in order not to cut up the expanse of lawn.

If one has shrubbery plantations, tulips show up wonderfully planted in front of the shrubs. Shallow rooted plants may be grown in the same beds without removing the tulips, except every third year.

We can offer at most attractive prices, bulbs for the border plantings, illustrated in the front part of this book. The colors harmonize and plenty of bulbs are provided to fill the spaces indicated.

Although we cannot undertake to supply particular varieties at these prices, the tulips delivered will be named varieties, bagged separately and tagged with their names.

SPECIAL BULB COLLECTIONS

To assist our customers in their selections, we are listing below several different bulb collections that will provide a very beautiful display for home decorations. The attractiveness of almost any home can be increased through these wonderful flowers at less expense than any other method that we know of. They not only make the home surroundings more beautiful, but they will supply you with an abundance of "Nature’s Best" flowers for the table, for the sick room, for the church, for gifts to your friends, for Decoration Day—in fact, for decorating purposes of any kind. If you have a bed of any size and do not know how many or what kind of bulbs to plant, just send us the dimensions and we will be glad to offer suggestions and quote you special prices free of charge.
